## Membership Meeting Called

PORTAGEVILLE—An inaugural meeting has been called for Wednesday at 1:30 p.m. at the Circuit Court Room of New Madrid, for the purpose of organizing and scheduling a membership drive for the newly formed Missouri Delta Council, tentatively scheduled to start Feb. 7 and end Feb. 29.

The Missouri Delta Council was formed to provide a means toward attaining better communication and unity of purpose between all social-economic groups in the Missouri Delta Area. It has been designed to better voice this unity of thought to all governmental entities, local, state and federal.

The public is invited and urged to attend and to participate.

## Mishap Fatal To Area Woman

MOREHOUSE — Ellen Laverne Cagle, 23, of Morehouse, was pronounced dead on arrival at Missouri Delta Community hospital following a one-car accident at 2:15 a.m. Sunday, four miles south of Morehouse on route E.

The highway patrol said that Mrs. Cagle was traveling north on route E when she apparently lost control of her 1970 Ford and skidded off the road and overturned two or three times in a field.

The body was taken to Watkins and sons funeral home in Morehouse. Mrs. Cagle was born Beebranch, Arkansas, but has lived in the Morehouse - Canalou area all her life.

She is survived by her husband Terry Cagle, a marine, whom she married on November 20, 1970; two children by a former marriage, Jeffery and Michelle Gonzales; her parents, Mr. and Mrs. Taft Milam of Morehouse; three brothers Guy and Vincent Nichols, both of Canalou; and Marvin Nichols of Morehouse; two sisters, Mrs. Wanda McCoy of Kansas City, Mo., and Mrs. Reba Hilton of Morrilton, Ark.; and a paternal great-grandmother, Mrs. Lona Wortman of Morehouse. Arrangements are incomplete until her husband returns from the Marine Corps.

## Sales And Profits Increase

J. R. Hyde, III, President of Malone and Hyde, Inc. announced today that for the first 24 weeks ending December 11, 1971, sales increased 11.87 percent and profits increased 14.46 percent.

Sales for the period ending December 11, 1971, totaled \$231,641,874, an increase of \$24,577,107 over last year's figures of \$207,064,767.

Net profit, after taxes, equaled \$2,821,640, compared to last year's figure of \$2,465,161 an increase of \$356,489.

Per share earnings have a 9 cent increase from 64 cents to 73 cents. This is an improvement of 14.06 percent on a fully diluted average share basis.

At a special meeting of the stockholders, Friday, shareholders of Malone and Hyde, Inc. voted to approve a restated charter. This will increase the number of authorized shares of common stock from five million to ten million and will revise and restate the company's corporate purposes and powers.

Following the stockholders meeting the Board of Directors met and voted a three for two stock split to shareholders of record February 4. The new shares and cash for fractional shares will be mailed to stockholders February 28.

The Board further approved the payment of seven and a half cents per share cash dividend on the new shares payable April 15, to stockholders of record as of March 24.

## Two Burglaries Over Weekend

Two robberies occurred over the weekend. Sometime late Saturday night or early Sunday morning, a car parked in the East Side Home Material Lumber Company parking lot was entered.

Martin Seagraves, Rte. 3, owner of the car, told police that a \$85 tape player and one tape were stolen.

Unknown thieves took 11 cartons of cigarettes from the Quick Sak, 110 Branum, at about 8 p. m. Sunday.

Police were called to the store by the owner Larry Lindsey of 863 W. Malone. Lindsey told police that the store manager, Leroy Rhoda, discovered the cigarettes missing after a disturbance by four juveniles.

Police picked up two youths but neither Rhoda nor another employee could identify the youths.

## Chester Bridge Toll Remains

WASHINGTON (AP) — The Federal Highway Administration says it has denied a petition for elimination or reduction of the 60-cent passenger car toll charge on the Chester, Ill., bridge across the Mississippi River.

FHWA Administrator F. C. Turner upheld an earlier finding by a federal hearing examiner.

The Missouri Highway Commission and Vernon Bruckerhoff a member of the Missouri House of Representatives representing a district across the river from Chester, had contended that the toll is unjust and unreasonable.

They argued that part of the toll revenues were diverted from maintenance, repair and operation of the bridge, and from amortization of the bridge debt, to general municipal purposes. They said this violated a federal statute prohibiting the use of toll revenues for nonbridge purposes.

Turner ruled on review that the toll revenues were used for reasonable costs attributable to owning, operating, maintaining, repairing and managing the bridge and its approaches.

The Congress transferred the power to rule on bridge toll disputes from the Army to the Transportation Department in 1967.

## New Kind Of Drink Fatal

NEW DELHI AP — Nearly 100 slum dwellers who toasted a bride and groom with a "new kind of drink" that cost only seven cents suffered vomiting, blindness and finally death within hours of the celebration, police estimated.

Twenty-six more persons were unconscious in city hospitals.

## Six Hurt Near Hunterville

Six persons were injured over the weekend in two traffic mishaps near Hunterville.

Three persons were injured in a two-car accident that occurred at 11:40 a.m. Saturday at the junction of highway 114 and 153 in Hunterville.

The highway patrol said that a 1971 Ford Pickup being driven south by James LaMastus, 73, of New Madrid, attempted to pull across the highway in front of an eastbound 1968 Oldsmobile being driven by Isiah Marks, 58, of Essex.

LaMastus and Marks suffered facial cuts and were taken to Dexter hospital. A passenger in Marks' car, Geraldine Bell, 52, of Essex, was taken to Missouri Delta Community hospital with bruises.

Three persons were injured in a two-car accident Sunday on highway 60 north of Hunterville.

The highway patrol said that a 1960 Chevrolet driven by Madeline Abernathy of Charleston attempted to turn east onto highway 60 and into the path of a westbound 1962 Mercury driven by Alvin Simmons, 61, of Morehouse.

Simmons and a passenger in his car, Roy Stroud, 37, of Morehouse, suffered back injuries. The Abernathy woman suffered facial cuts. All three were taken to Missouri Delta Community hospital.

## School Re-Evaluation

Neil Aslin, chairman of the Department of Secondary Education at the University of Missouri, Columbia, introduced visiting committee members of the North Central Association of Secondary Schools and Colleges at a dinner meeting at the Senior High School Cafeteria.

The North Central Association members are in Sikeston to help in the reevaluation of the school system. Seated in the foreground is Sam Harbin, superintendent of schools.

## Planes Strike

SAIGON (AP) — U. S. planes attacked five North Vietnamese anti-aircraft batteries in the demilitarized zone and North Vietnam Saturday and Sunday, knocked out two of them and damaged another, the U. S. Command announced.

American warplanes also

dodged five anti-aircraft missiles fired at them over Laos Sunday, the command said, but no planes were damaged in the weekend air flurry.

However, the command reported an Army OH6 observation helicopter shot down in the Mekong Delta,

raising to seven the number of helicopters lost to enemy fire in the last eight days. One crewman was wounded in the crash in the delta.

The U. S. Command said the first attack Saturday was touched off by anti-aircraft guns in the northern half of the demilitarized zone that fired on four Air Force F4 Phantoms, which were on missions over Laos. The Phantoms struck back, knocking out two of the guns and damaging a third, the command said.

The other three attacks Saturday were made by Navy A7 jets on anti-aircraft sites around the Ban Karai pass. The command said two of the sites were taking hostile action, meaning their radars were tracking the U. S. planes.

On Sunday, the command said, an Air Force F4 Phantom escorting a reconnaissance plane attacked an anti-aircraft gun position and a missile radar site with bombs after the guns fired on the U. S. planes and radar tracking was detected. This attack was near the coastal city of Dong Hoi, 45 miles north of the DMZ.

The command said two missiles were fired Sunday at an Air Force F105 fighter-bomber and three at an Air Force OV10 forward air control plane operating along the Laotian border with North Vietnam, but both planes "took evasive action and avoided the missiles." The 50-foot Soviet "flying telephone poles" were fired from sites inside North Vietnam, a communique said.

U. S. B52 bombers kept up their heavy attacks on the North Vietnamese buildup along the western side of South Vietnam's central highlands, dropping 360 tons of bombs on the Vietnamese side of the border and others in Cambodia.

Scattered ground fighting was reported in South Vietnam, with 23 enemy soldiers and three South Vietnamese troops reported killed and 16 South Vietnamese wounded.

U. S. officials began a big airlift of rice to the town 130 miles northwest of Vientiane, which normally gets its supplies by truck from Vientiane.

## 8 Arrested

Police made eight arrests in Sikeston over the weekend.

They are Margaret Houseman, General Delivery, Box 267, Anneton; Jan. 19, for careless and imprudent driving.

J. L. Haley, Morehouse; Jan. 21, for drunk and disorderly conduct.

David Michael Young, 229 N. West St.; Jan. 20, for careless and imprudent driving.

Claybourne Lewis Chaney, Rt. 1, Box 158, Jan. 21, for public intoxication.

Jimmy Staggs, 948 Lake St.; Jan. 21, for public intoxication.

Roger Beck, 235 Dorothy; Jan. 22, for destroying public property.

Earnest Edgar Rinney, Morehouse; Jan. 23, for public intoxication.

Charles Junior Lewis, 816 Linn; Jan. 23, for assault and battery.

## Two Huge Deficits Marked In Budget

WASHINGTON (AP) — President Nixon handed Congress today a \$246.3-billion budget for fiscal 1973 written in deep red ink. He announced two huge deficits—\$38.8 billion this fiscal year and \$25.5 billion next—and said they will help speed up the nation's economic recovery.

His budget message asked neither for further tax cuts to stimulate the slack economy nor for tax increases to meet the climbing costs of government, although his deficits are the two largest since World War II.

"Deficit spending at this time, like temporary wage and price controls, is strong but necessary medicine," Nixon said. Yet his message slapped repeatedly at the Democratic-controlled Congress for spending more than he had asked.

Revenues will rise "as the new prosperity takes hold," Nixon promised. This trend makes possible the smaller deficit for fiscal 1973, starting next July 1, he said, and "brings us strongly forward toward our goal of a balanced budget in a time of full employment."

But his new deficits, bringing the total red ink in his administration to a peacetime record of \$90 billion, are sure to become an election-year target of Democrats.

They also may provoke demands for tax increases from conservatives in Nixon's own party. The message did not mention the value-added tax, which Nixon favors, but left open the door for him to ask it later.

When Secretary of the Treasury John B. Connally was asked at a budget briefing whether he personally favors submitting such a tax request to Congress he replied: "Not now."

And he averted discussion of the political aspects of the budget with a quip. He said he is unhappy with the deficit but considers it the best fiscal policy in a time of economic slack. A reporter said this was the same answer given by the Democrats a few years ago. Connally, the only Democrat in the Cabinet, retorted:

"Well, the Democrats say a lot of things that are true."

In asking \$76.5 billion for defense, Nixon scheduled the first sizable increase in new weapons-system spending in years, even while "we move to zero draft calls."

He asked \$3.191 billion for space, a bit more than this year but aimed at less lofty exploration goals.

And the President

unveiled, as a basic turn in national strategy, a government-sparked drive to speed technological progress, to cut costs, increase productivity and restore competitive leadership to American industry.

The budget accordingly calls for a many-sided program to stimulate research and development by private firms, universities and federal agencies with tax incentives, grants, subsidies and other incentives. Many of the incentive plans are experimental and none was specified in detail, but Nixon earmarked \$16.48 billion as the government's total 1973 spending on research and development compared with this year's \$15.779 billion.

"This year we shall have the agency which sent men to the moon and back begin to assist the Department of Transportation in finding better ways to send people downtown and back," Nixon said.

Another shift in national priorities was emphasized: For the first time, the Department of Defense will not have the biggest budget. The Department of Health, Education and Welfare, with scheduled outlays of \$78.95 billion, will top the Pentagon's spending by billions, mostly because of rising Social Security payments.

Nixon made a renewed request for \$50 million in startup funds for his planned welfare reforms and family-assistance payments, which he called "workfare" throughout the message. He put revenue sharing down for \$2.25 billion in what remains of fiscal 1972 and \$5.3 billion in fiscal 1973. Congress is most unlikely to give him any of these sums in this session.

Nixon assumed there will be a strong upward thrust of production, income and profits in 1972 to achieve his projected \$23-billion increase in tax revenues from this fiscal year to the next.

Unlike his overoptimistic estimates of a year ago, however, the White House projections this time are generally in line with the expectations of a majority of professional economists.

The message had some political flavor. It scolded Congress for voting more money than Nixon asked. It advised taxpayers they are saving \$22 billion in income taxes this year because of tax cuts since he took office.

And it repeatedly rebuked Congress for inaction in dealing with Nixon programs.

The message was studied with demands for frugality in spending and for adherence to a "full-employment

balance" in budget-making. The full-employment-budget concept, adopted by Nixon last year, holds that a budget deficit is not inflationary if total spending is held below the amount of tax revenues the economy would generate if it were running at "full employment"—that is, with only about 4 per cent unemployment.

Even with its real, dollars-and-cents deficit of \$25.5 billion, Nixon's 1973 budget would be merely stimulative and not inflationary—under the "full-employment" concept—because its outlays would be roughly \$700 million below the theoretical "full-employment revenues."

Nixon conceded that his fiscal 1972 budget, by contrast, showed an unintended \$8.1-billion "full-employment deficit," but went on:

"While our economy can absorb such a deficit for a time, the experience of the late 1960s provides ample warning of the danger of continued, and rising, full-employment deficits."

"The lesson of 1966-68, when such deficits led to an intolerable inflation, is too clear and too close to permit any relaxation of control of government spending."

These were among the budget highlights:

Defense

Though Nixon stressed the proposed \$6-billion increase in military budget authorizations in his State of the Union message on Thursday, the budget message discloses that only \$700 million of the increase shows up in actual 1973 outlays.

The rest strengthens the U. S. hand in the Paris disarmament talks, however, because it provides development funds to speed the build up of strategic weapons systems. It also is a boon to the languishing defense and aerospace industries, for it means the Pentagon will be speeding up procurement and letting new contracts.

Education

The budget gives no clue to the amount or source of federal funds for school support which Nixon promised, in his State of the Union message, as a substitute for property taxes.

He is expected to propose a plan financed by its own revenue-raising machinery, perhaps the value-added tax. The latter tax, a flat levy imposed like a sales tax at each stage in manufacture from raw material to finished product, is favored by the White House but unpopular in Congress.

Nixon's budget called for outlays of \$5.2 billion for all

education programs. This includes a \$499-million increase for his program to help school districts desegregate.

Space

Nixon's 1973 request is only fractionally higher—by \$11.3 million—than planned 1972 spending. But the direction of the space effort is altered.

The \$200 million budgeted for the four-man space shuttle, which could take off like a rocket and land like an airplane, would start development of a reusable vehicle to cut costs of future space exploration. The shuttle also promises to pay more dividends in the form of technology usable by industry.

Environment

Unspectacular increases are provided in most pollution-control and water programs, including a rise of nearly \$200 million in sewage-plant-construction grants to \$1.1 billion in fiscal 1973. Outlays for other existing programs would increase by \$40 million.

Atomic Energy

Atomic Energy Commission funds would be increased by \$64 million to \$2.422 billion.

Foreign

Direct military aid would be cut from \$950 million to \$750 million if Congress concurs. But military-related economic aid, providing financial help to countries carrying a heavy defense burden, would be boosted from 1972's \$584 million to \$796 million.

Outlays for what is commonly called foreign aid, meaning assistance for the economic development of poorer countries, would be \$1.47 billion, just \$7 million short of 1972's estimated total.

Under Nixon's plan, however, more of the money would go through international agencies.

Health

Nixon asked \$18.1 billion, or \$1.1 billion more than in 1972, for federal health programs outside the specialized health functions of the Defense Department, Veterans Administration and some other agencies. Counting the latter outlays, the health total is \$25.5 billion or 10 per cent of the entire federal budget.

The fight against cancer would cost \$335 million, up

## Tragic Mishap

A MAN AND WIFE from Kirkwood died Sunday in this smashed in 1968 Chrysler at the Kewanee overpass on I-55.

## Kirkwood Residents Killed

Two Kirkwood residents died Sunday in a one-car accident which occurred at 11:25 a.m. at the Kewanee overpass on I-55.

Wilmer Rehr, 74, died at 1:30 p.m. at Missouri Delta Community hospital. His

wife, Pauline, 71, was pronounced dead at the scene of the accident.

The highway patrol said that Rehr's 1968 Chrysler left the highway, hit the median strip and struck a pillar that supports the overpass.

\*\*\*

**LESS CHANGE MAY BE FOR THE BETTER**

Magic formulas, cookbook recipes, and educational panaceas are elusive goals sought by educational innovators. And the amount of money required to underwrite innovation in the public schools is about to sink the educational ship.

There is no doubt that the public schools have become fair game for every idea conceived by anyone who wishes to advance a theory for testing at public expense. One California district veered so far off course in meeting the educational objectives agreed upon by all concerned parties that the diversion of funds and teaching talent became an issue during a recent school board election. The slate of candidates that campaigned using a slogan "Innovation or Education?" won by a landslide.

In another district that has become nationally known as a system which promotes educational innovation a coed remarked in a college class that she had graduated from the district. She reported that during her twelve years of school experience in the "experimental" classes that the school changed directions so many times she finished without an education. Continuity was destroyed and her education consisted of a long series of unrelated experiences.

Many advocates of educational innovation equate change with progress. The sequel, of course, is the stand taken by those who oppose any change whatsoever. Change can be either good or bad. If there is an absolute it is that change is inevitable. Changes occur daily. And there is little man can do to stop them. But he can harness change and make it serve him.

In public education it would seem wise to get considerably more background on proposed innovative programs before committing thousands of dollars of public funds to underwrite schemes that are sure to wind up shortly on a growing educational scrap heap.

\*\*\*  
Overheard at the coffee table: A candle loses nothing of its life by lighting another candle.

\*\*\*  
For the first time in over three years the average bank interest rate paid by independent business firms showed a substantial drop in December.

The continuous field survey of the National Federation of Independent Business shows that in December the average rate nationally dropped to 7.7 per cent, compared to 8 per cent the previous month and 8.24 per cent the beginning of 1971.

The data shows the sharpest drop took place in April when from the previous high of almost 8.25 per cent it dropped to 7.9 cent and for the balance of the year it varied between that figure and a flat 8 per cent.

The lowest rate is reported from the east north central states at 7.3 per cent, a drop of a half per cent from the previous month. The highest rate is shown in the mountain states at 8.6 per cent where the trend reversed that of the nation to jump from 7.4 per cent the previous month. The December rate is still substantially lower than the average rate in the region of 9.22 per cent that existed at the beginning of the year.

The average interest rate also varies by vocations. Both independent retailers and wholesalers show the highest rate at 7.8 per cent, and independent firms in finance the lowest at 7 per cent.

The demand for loans from the independent business sector also generally showed a drop from the previous month, although 30 per cent of the retailers reported securing loans as compared to 28 per cent the previous month, but lower than midyear when 32 per cent reported obtaining bank loans.

But among independent wholesalers, December showed a big gain in bank loans with 44 per cent obtaining them which is 3 percentage points higher than at any time during the year.

Conversely, only 35 per cent of the independent manufacturers report obtaining bank loans during December, compared to 40 per cent the previous month. The December drop in manufacturer bank loans hits the low mark for 1971. This, combined with the higher level of loans to independent wholesalers apparently indicates that manufacturers during December were more successful during the month in moving finished goods from their warehouses to wholesaler warehouses.

On the other hand, 40 per cent of the independent manufacturers report collections slower than a year ago which represents an increase of a percentage point or two over the year, while among all independent business only 32 per cent report slower collections, down from 36 per cent early in the year.

**MAKING THE GRADE**

Many a student has learned the simple truth "It's not what you say, but how you say it." Did you ever hand in what you considered a brilliant report — only to receive a less than brilliant mark? Could be your

teacher didn't like your presentation. If you didn't type it, your grade may be ten points lower. Are you including pictures or newspaper articles? Tape them down with Scotch Magic transparent tape so they won't smudge. Type your last name and page number on every page, in case part of your report becomes misplaced. Proofread! Typos or misspelled words falsely indicate that you didn't put much effort into your work.

**BLESSED ARE THE INTELLIGENT?**

There is one "minority group" that, unlike virtually all others, can do little to call attention to itself. The mentally retarded by and large must depend upon others to make their plight known. Fortunately, a number of compassionate people with good minds have devoted much to the battle against genetic defects and illnesses that cause mental retardation, and to the care of those retarded.

Increased concern in our day for the mentally retarded is a sign of intellectual maturity. Yet the intellectual sophistication that brings aid to the mentally retarded can in another sense be part of the problem. Contemporary prophets proclaim, "Blessed are the intelligent," and people whose intelligence is below par may come to be regarded as less deserving of life than those who are normal or bright. Perhaps this was part of the attitude that recently allowed the avoidable death of a mongoloid infant with out demur from society's traditional humanitarians -- members of the medical, legal and theological professions.

Mongoloids and other imperfect people can live happy, loving, and useful - if simple -- lives. And some have more potential than is immediately apparent. Studies have reported that 2 to 3 per cent of all mongoloids have average IQs.

So Christianity Today pointedly editorializes that it is especially befitting for Christians (in particular) to be on guard against too high a regard for intelligence... "True blessedness lies more in gentleness, peacemaking and mercy."

**MORE ABOUT REDUCING COUNTIES TO 30**

Our friend, Dolores Herbert, whose husband Ewing Herbert publishes the Hiawatha Daily World, writes about State Representative Jerry Harper's proposal to reduce Kansas counties from 105 to 30:

Folks are buzzing a bit over the news in yesterday's World that Brown County could be swallowed up in a district, if State Rep. Jerry Harper's bill goes through and is adopted by the state legislature, reducing the number of Kansas counties from 105 to 30.

Several years ago not too many took very seriously the fact that school districts would be unified ... but they were ... and we can't say it was too popular with many, many people. There was quite a hubbub over it, if you will remember, and I still think some people don't like it.

Yesterday some people here just shrugged when we showed them the proposed mpa and bill, grouping our country with three others as a district, and commented, "Oh well, that will probably never pass."

Don't ever think that this hasn't been in the offing for quite some time, and me thinks we'd better take it seriously. We have a fine courthouse here: that could well stand vacant unless we are lucky enough and work hard enough to have the "powers that be" select Hiawatha as the county seat.

Throughout the years Ewing has preached that we had better ALWAYS work hard to elect representatives to the Kansas Legislature from our own locality ... and good ones who would know how to look after our interests in Topeka.

I don't know all the things that would have to be done to win the county seat but ONE of them in my opinion would be to build an elevator in our courthouse, and make other improvements to enhance our possibilities of having the best facilities for such a building to house officials, for the location of the county seat. It is something to consider and work on, or else we might be left out in the cold one of these days, and our town would dwindle in every facet. Perhaps I am out of line to be expressing my feelings on this matter, but we have always had pride in our town and community, as the county seat, and we don't even like the mere thought of being cast aside.

—Atchison, Kansas Globe.

**MODEL TROUBLE**  
A doctor picking up his car at a garage, was highly indignant at the size of the repair bill.

"All this for a few hours work?" he protested. "Why, you charge more for your work than we of the medical profession do!"  
"Well, now," replied the mechanic, "That's just how it should be. You doctors have been working on the same old model since time began, but we've got to learn a brand-new model every year!"

We think you ought to know why we call this bi-weekly column, Grassroots. GRASSROOTS, because that's where we have always been strongest as problem-solvers. In the neighborhoods, in the towns, in the cities, Americans have always been able to meet a problem head-on. So it must be with drug abuse. Information and resources might flow out from a central source, like the National Coordinating Council, but it is local citizen action that will translate information into solutions.

Grass, because marijuana continues to be the center of local, state, national and international controversy. It also happens to be a substance in generous supply and considerable demand throughout the United States. The drug abuse issues focus on marijuana, and most efforts to understand the growing use of drugs of all kinds should begin with an understanding about grass.

Roots, because roots are the source of whatever it is we are trying to grow. Getting to the "root" of a problem, we think, means beginning with information and education. The communities throughout the country that are "growing" in understanding are beginning with the basic facts and moving on to a comprehensive plan of thought and action on drug abuse.

So this column will include information about marijuana and all other drugs, in the form of basic data, designed for use where you are. As you use this info, remember that at the grassroots is where change in the pattern of drug use will happen.

Betcha didn't know...Another way to be popular is to listen closely to a lot of things you already know.

**OLD TIRES BUFFED TO CUSHION COWS**  
Rubber dust buffed off tires before retreading is creating more contented cows and eliminating pollution at the same time.

They're keeping the cows happy with the rubber cushioning mats made from the dust which are being used over the cold, hard concrete in cattle stalls.  
A survey taken in New York State showed that milk production increased 2 to 4 per cent when cows were bedded

**Washington Merry - Go - Round**

—By Jack Anderson—

**WASHINGTON--** Two ghosts from Richard Nixon's past have chosen an awkward moment to rattle their chains. Just as the President is preening for his re-election campaign, the disembodied voice of phantom billionaire Howard Hughes and the mouthings of ex-labor lord Jimmy Hoffa have stirred old memories.

We have documentary evidence that the President has had a cozy relationship with both men in the past. The details don't make good political advertising in an election year.

The controversy over Hughes has revived our decade-old revelations about the \$205,000 that he loaned to Nixon's brother Don. The loan was secured by a mortgage on Lot 10 on Whittier Boulevard in Whittier, Calif. No bank would have accepted this Nixon family plot as security for a \$205,000 loan.

But at the time of the transaction, Richard Nixon was Vice President, and Howard Hughes was deep in dealings with the U.S. government. These dealings weren't likely to be hurt by the fact that the Nixon family was beholden to him financially.

Hughes sought to strengthen his ties with Nixon early in 1968 when Nixon was campaigning for the Republican presidential nomination. The subject came up in a handwritten exchange between Hughes and his aide de-camp in Nevada, Robert Maheu. We have seen the memos, which are supposed to be under court seal in Nevada.

**HUGHES HELPS NIXON**  
Hughes instructed Maheu on March 14, 1968: "I want you to go to see Nixon as my special confidential emissary. I feel there is a really valid possibility of a Republican victory this year. If that could be realized under our sponsorship and supervision every inch of the way, then we would be ready to follow with Laxalt as our next candidate."

Hughes referred to Paul Laxalt, then Governor of Nevada, whom the billionaire hoped to groom for bigger things.

We have evidence that \$100,000 was siphoned off from the Silver Slipper casino and delivered to Nixon's crony, Bebe Rebozo, by Hughes's aide Richard Danner. The Silver Slipper is owned by Hughes as a personal holding, and its cash flow does not have to be recorded in corporate books. Maheu and Danner refused to comment. Rebozo wouldn't take our calls.

We also have evidence that President Nixon's decision to let Jimmy Hoffa out of jail was the culmination of a long, secret friendship. We have seen correspondence that reveals Nixon was going to bat for the embattled Teamsters leader as far back as 1960.

**HOFFA LETTERS**  
The letters were written to Hoffa by Nixon's old political crony, Oakley Hunter, who now heads the Federal National Mortgage Association.

In August of 1960, a federal grand jury in Orlando was about to indict Hoffa for misuse of union funds to promote a real estate development. Nixon, then Vice President, intervened with William Rogers, then Attorney General, to have the indictment held up.

This was political payment for Hoffa's backstage support of Nixon in his presidential race against the late John F. Kennedy. The Teamsters gave Nixon no public support, but Hoffa passed the word to his powerful lieutenants across the country to campaign for Nixon.

Once the election was over, Rogers went ahead with the indictment, and Hoffa was furious. This caused Oakley Hunter to write his secret letters.

"I know for a fact," Hunter wrote to Hoffa, "that your side of the case was put before the Vice President and that he discussed the case with the Attorney General."

tough Teamsters leader a presidential parole.  
Footnote: Hughes was careful in 1968 to play both sides of the street. His lieutenants offered to subsidize Larry O'Brien so he could serve without pay as Democratic National Chairman during the 1968 campaign. Both Humphrey and O'Brien never drew a dime from the Hughes interests during the campaign. Several months later, however, he was retained by Hughes for a "substantial sum."

Humphrey's son, Robert, was also employed by a Hughes company as a sales representative.

**HEADLINES AND FOOTNOTES**

Hat Hullabaloo-- Capt. Raymond Hopkins, a 26-year-old black veteran of Vietnam, is being court-martialed because he wouldn't wear his hat. Hopkins' superiors for months have harassed him about his modified Afro hairdo, even though the Army admits it is within Army regulations. An NAACP branch and a black college student group are supporting Hopkins. The court-martial was demanded by a white WAC, Lt. Col. Jeane Wolcott, who claims her action against Hopkins has nothing to do with his race. But she concedes her single "order" to wear a hat was in a private chat. She admits that, without further warning, she demanded action against him when she spotted him a few days later outside without a hat.

Land Lollapalooza - The Interior Department is investigating millions of acres in mining claims filed by an Oklahoma-based promoter who has tried to sell them for cabins, farms and the like. The promoter is Merle Zweifel of Zweifel Interations Prospects. Interior's files show Nevada has indicted him "on 17 counts of trying to file false claims," and Interior itself is seeking a ruling that many of his claims are "null and void." Dodged by Sen. Lee Metcalf, D-Mont., Interior is investigating Zweifel's bizarre land schemes in Arizona, Nevada, Montana and Colorado.

on rubber mats. understand; don't claim more. A rubber spokesman said that you can get believed; that many other uses for make your ads specific; tell bonded rubber dust are being your prospect that he will get made and developed. He can so me free, valuable foresee the day when whole information by simply reading tires, otherwise worn out, will the ad; give your prospect a be buffed into dust and complete sales talk, and appeal converted into worthwhile to his self interest."

\*\*\*  
What this country needs is a Betcha didn't know...That girdle that'll hold the fort Today is the Tomorrow you without cutting off the supply worried about yesterday. Now line. you know why.

**H.L. Hunt**

**NO MONEY TO BURN**

To help in the fight against pollution, the U. S. Treasury rules have been amended to permit destruction of unfit currency by other ways than incineration. The Treasurer of the United States and 33 Federal Reserve Banks across the country annually get about 2 billion pieces of worn currency worth \$9 billion to be destroyed by fire. Local authorities' complaints about pollution caused by money burning led to Treasury's experiments with one alternative method of destruction—pulverization. It can do a good job of destroying filthy lucre, and the resultant product it is believed, could be used for insulation.

\*\*\*  
The Russian school teacher asked a pupil, "Who were the first human beings?"  
"Adam and Eve," the young boy replied.

\*\*\*  
"What nationality were they?"  
"Russian, of course."  
"Fine, fine," the teacher commented. "And how did you know they were Russian?"  
"Easy," said the boy. "They had no roof over their heads, no clothes to wear, and only one apple for the two of them—and they called it Paradise."

**HOW TO MAKE ADS SELL**

SUMMING UP 5 years of experience in testing copy, a vice-president of Batten, Barton, Durstine and Osborn, recently told a group of Michigan advertising agency cold ashes. Let us all vow to men his formula for making love and care for Freedom and advertisements produce sales. our Republic, so that the lives His theory is as follows: "Select the right audience; and grandchildren will not make your ads easy to become ashes also. HLLH

**TRIBUTE TO NURSES**

The contributions which nurses make to the public should never be overlooked or minimized. Nurses have devoted time and joyful endeavor, as well as arduous effort, to prepare themselves for their profession. They have invested much of their lives in education and training in preparation for their lives of service, in grade school, high school and college or nurses' school.

Nurses devote most of their lives to the sick and ailing and in alerting the public to healthful practices which the public urgently desires and needs to know. Nurses understand from experience that good intentions cannot save a life—or a Republic. Saving either one requires study and understanding, as well as endeavor and devotion, all of which nurses deliver with unmatched faithfulness.

We should be extremely thankful for the constructive services which the wonderful nurses of this nation render. We all wish to preserve the life of our great Republic and we should look to the splendid nurses of this nation for our example of the kind of devotion it will take to preserve Truth and Freedom.

Fighting the good fight for Freedom and our Republic is so much more rewarding to the soul than is fatal apathy or a frivolous diversion. Truth and Freedom require the utmost in care and love before tyranny reduces the torch of Liberty to ashes. Let us all vow to men his formula for making love and care for Freedom and advertisements produce sales. our Republic, so that the lives His theory is as follows: "Select the right audience; and grandchildren will not make your ads easy to become ashes also. HLLH

**Inside Labor**

—By Victor Riesel—

White House Wrath: elsewhere, to the House President and Aides Challenge Education and Labor Labor's Automatic Right to Committee. There it would Strike have as much chance as my smowing through the Dallas Cowboy line.

**WASHINGTON —** There is "nothing sacred about the right to strike." Bluntly that's the White House's sentiment. That, in effect, is a reliable strong leaders at a moment translation of what President which Jim Hodgson has Nixon meant when he told the described thus: Congress Thursday, "The East Coast strike story nation cannot and will not be much the same (as the West tolerate that kind of Coast -- VR -- a drop inexports, irresponsible labor tieup in the the loss of foreign markets, future." He referred, of course, damage to our balance of to the left-wing unionism trade, a decline in farm prices, which has hit the Pacific docks, as wheat and corn overflowed

To prove this there are the grain elevators and backed up unreported, angry but calm on barges in the Mississippi. words which Secretary of "Couple all this with Labor Jim Hodgson got off his increased government chest recently. If the militant expenditures on agricultural Harry Bridges and his harassing programs, the shutdown of young turks in the Western sugar refining companies, international Longshoremen's huge layoffs among importers and Warehousemen's Union and exporters, losses among it's a simple message -- truckers, U.S. flag ship Administration, be it its last the ripple effects go on and on year or not, meat to get tough without end."

Why the West Coast strike? The dockers rejected a 37 per cent retroactive pay raise. Basically they want the right to the sacred right to strike are no put a union tax of a dollar a longer relevant in today's ton on big steel containers economically intermeshed which they do not stuff, even world," said Hodgson. "Major if the containers are packed by strike-induced economic other union men such as setbacks caused by Teamsters. transportation emergencies are And they want the right to intolerable (the word used by strip the containers -- that is, the President --VR) to the open them when they arrive public."

And he added that this year them and repack them. This is he, the President, and the full make work. Fear of joblessness force of the White House is understandable. But there would "be working hard" to are other ways of employing get laws on the books which dockers. In New York many of the power to end strikes on he Manhattan West Side pier docks, on the rails, on the hands will be employed in a high ways and in the air. new waterfront convention These "tools," compulsory hail, arbitration in effect, would We're each our brothers' enable the President to head keepers. But destroying the off a strike, such as those other fellow's daily bread is which have cost the nation weird fraternalization. The White billions of dollars recently, or House has said all this again end them quickly once they and again to unhearing got rolling.

Congressmen. And in a strong But Congress hardly has two-page letter on Dec. 16, listed. For two years now, 1970. What the President wants is President has been trying to get a law which would give him just such an emergency strike three options in the law through. He could hardly transportation field when the get it discussed. And when as nation's health, safety and recently as this past Dec. 15, economy are threatened. he warned the Congress that His bill would enable him to there would be another extend the no-strike period; crippling West Coast walkout, order part of the struck he was sneered at. Yes, indeed, industry back into operation; From Democratic House or appoint a neutral board to leader Hale Boggs came word make final determination of a that the President should be settlement based on the final grateful for what this Congress offers of the union and has given him and stop employer."

But the Senate Labor and And from the chairman of Public Welfare Committee the House Interstate and under the "Pete" Williams (N.J.) Foreign Commerce Committee, and the House committees Harlein Staggers of W. Va., the have shown the enthusiasm of message retort was to the Bakimios over an iced drink. So effect that his group had the President decided to turn jurisdiction, take the bill on the heat.

# European Police Seek Woman In Hughes' Case

ZURICH, Switzerland (AP) — Police throughout Europe are looking for a dark-haired woman who cashed \$500,000 worth of checks which the McGraw-Hill Book Co. paid for a purported autobiography of industrialist Howard Hughes.

Swiss authorities confirmed that an international warrant was issued for the woman, about 31 years of age, who collected the money from the Swiss Credit Bank in Zurich.

The Swiss officials did not identify the woman. But Time magazine said she gave her name to the bank as Helga R. Hughes. The McGraw-Hill checks were made out to H.R. Hughes.

The warrant was issued after McGraw-Hill filed a criminal complaint alleging fraud last Thursday with the Zurich district attorney.

The woman was described as dark-haired, with a lean face, about 5 feet 3 inches tall, wearing a mid-dress and speaking broken German. Earlier reports of the mystery woman said she was a blonde.

She reportedly pocketed 2.6 million Swiss francs after endorsing the checks "H.R. Hughes," in a handwriting that closely resembled that of the industrialist, according

to photostats.

The district attorney's office meanwhile called off a news conference this morning on the case. But it did confirm that the Zurich police had alerted Interpol, the international police organization.

"As far as our bank is concerned, everything was handled correctly," the Swiss Credit Bank official said. "It was a most refined case of fraud, so refined, in fact, that clerks could not detect it."

The search for the mystery woman was the latest development in the tangled Howard Hughes autobiography controversy, which involves McGraw-Hill, Life magazine and author Clifford Irving. Irving claims to have compiled the autobiography from interviews with Hughes.

His book has been challenged in court as a hoax and its publication suspended by McGraw-Hill and Life pending clarification of the controversy over the Swiss bank account.

Newsman Mike Wallace said Sunday on the CBS television program "60 Minutes" that Swiss police were looking for a blonde, German-speaking woman "who, according to the bank's records, opened an account there last May—using

a Swiss passport made out in the name of Helga R. Hughes."

Time magazine said Sunday that an attractive blonde who identified herself as Helga Hughes cashed the three checks through an account in the Swiss Credit Bank in Zurich and carried out the money in an airline bag.

She endorsed two of the checks "H. R. Hughes" in the presence of a bank officer and mailed in the third with the same endorsement, said Time, whose parent company, Time, Inc., also owns Life.

McGraw-Hill, in the court action, has produced certificates from handwriting experts asserting that two of the check endorsements were genuine signatures of the billionaire industrialist.

The Time story said the Swiss account was opened by the woman who carried a Swiss passport, identifying her as Helga R. Hughes, and who signed a bank signature card, "H. R. Hughes."

After comparing the signature with that on the passport, the bank officer allowed the woman to open the account by depositing 1,000 French francs, or about \$180.

About three weeks later, Time continued, the woman

appeared with a \$50,000 check from McGraw-Hill made out to H. R. Hughes and endorsed it in front of a bank official.

In the early fall she appeared and endorsed a \$275,000 check and in early December she mailed in a \$375,000 check that was already endorsed, Time said.

About two weeks after each deposit—the time it takes to clear an overseas check—the woman reappeared and withdrew the cash, carrying it out in the flight bag, Time said.

In another development, CBS newsmen Wallace reported that transcripts of the alleged interviews with Hughes supplied him by Irving contained "reference to a lady named Helga, purported to be the wife of a diplomat in Mexico, with whom Hughes said he is deeply in love."

Last Friday Irving issued a statement through his attorney saying that he still believes the book to be genuine. Then he flew to his home on the island of Ibiza off the Spanish coast.

Irving's lawyer, Martin S. Ackerman, said the author believes the Swiss account was "opened by a loyal servant, agent or some other person associated" with Hughes.

# Legislature Moving Faster Under New Annual System

JEFFERSON CITY, Mo., (AP) — Missouri's 1972 legislature, the first under a new annual session system, is moving faster to tackle major problems than any other in recent history.

Not that all are being solved immediately. That may take a while as more and more bills pile up on the House and Senate docket for debate.

But so far, at least, some of the biggest headaches are being heard by committees and sent to the floor of the House and Senate for action.

An exception is congressional redistricting. One hearing has been held in the Senate Apportionment Committee and it will try again to resolve political differences next week.

The betting around the legislature is that no action can be taken in the next month to prevent a special three-judge federal court from doing the job.

A similar effort failed last year in a House-Senate deadlock, primarily over the drafting of districts in the St. Louis metropolitan area, which is the main problem again this year.

The four-month 1972 session opened Jan. 5 with Gov. Warren E. Hearnes using immediate action on two emergencies to meet federal demands and prevent penalties to Missouri.

One whipped through the House Wednesday on a unanimous vote and was signed into law by the governor Thursday.

It makes Missouri's unemployment compensation law conform

with federal requirements to add 13 weeks of benefits for jobless workers and to prevent Missouri employers from paying an extra \$150 million a year in payroll taxes.

Checks for the jobless started rolling out within hours.

The second emergency listed by the governor was quick enactment of a billboard control law to meet federal standards. Uncle Sam supplied the prod on that one by announcing \$11.5 million in federal highway funds is being held up until the legislature passes an acceptable bill.

The problem dates back to 1965 but the legislature has dilly-dallied until now, bowing to pressures from the billboard industry to prevent enactment of strict controls.

now the Senate Roads and Highways Committee has approved a so-called compromise bill which is ready for debate on the Senate floor, possibly by Wednesday or Thursday next week.

The first order of business

in the Senate Monday will be further debate on a bill to set up a Missouri-St. Louis Metropolitan area airport authority, another of the governor's recommendations.

The purpose is to keep a new major airport in Missouri and block an effort by Illinois Gov. Richard B. Ogilvie and St. Louis Mayor A. J. Cervantes to have it built in Illinois.

Sensors say most of them are agreed on the goal, but they differ on the powers to be given the airport authority. Some have expressed doubts about the future costs to the state. Meanwhile the House has an emergency appropriation bill of \$7.5 million ready for quick passage next week. No one can remember when such a bill ever reached the Senate before Feb. 1.

The regular appropriations for fiscal 1972-73 also are expected to pass the House early in February under present plans.

# Frisco Earnings Rise 88 Per Cent In 1971

ST. LOUIS (AP) — Earnings of the St. Louis-San Francisco (Frisco) Railway Co. increased 88 per cent in 1971 over the previous year, the company announced today.

R. C. Grayson, president and chief executive officer, said earnings amounted to \$5.56 a share, compared with \$5.11 a share in 1970, and were second only to Frisco's record 1962 earnings.

Net income was \$14,443,404 on record revenues of \$220,835,474 compared with \$13,262,385 on revenues of \$197,553,689 in 1970.

Grayson said operating expenses also reached a record level—\$163,351,026.

"Freight rate increases helped materially in attaining our revenue record, as strikes and uncertain economic conditions kept our revenue ton-mile growth to 1.6 per cent over 1970," Grayson said.

"Earnings were adversely affected by inflationary image increases, higher prices paid for materials and supplies and a sharp rise in rental payments to other railroads for the use of their freight cars caused by new time and mileage rates imposed by the Interstate Commerce Commission," he said.

However, he said the operating ratio—the number of cents spent from each revenue dollar for operation—improved from 74.6 cents in 1970 to 73.9 cents in 1971.

# Wallace Brushes Off Primary Debate Challenge By Lindsay

By THE ASSOCIATED PRESS

Alabama Gov. George Wallace has brushed aside a challenge to debate fellow Democratic presidential candidate John V. Lindsay, but the New York mayor says Wallace's response doesn't rule out a verbal confrontation.

Wallace, who is running against Lindsay and eight other contenders in the Florida Democratic primary, said Sunday: "I don't intend at this time to engage him in debate because my program mapped out didn't leave any time for it."

"I don't know whether I ought to draw any crowd for Mayor Lindsay or not, but that's probably what he wants to do, and I think he's running low in Florida,"

Wallace said.

Lindsay issued the debate challenge last week and at the same time said Wallace "stands for everything wrong with this country." In a telegram to the governor, Lindsay called for a "one-hour, man-toman" debate.

Lindsay offered to meet Wallace in Montgomery, Ala., if the governor agreed to debate.

Wallace, who appeared in Washington on the CBS radio-TV program "Face the Nation," insisted again that he is "a serious candidate" for the Democratic presidential nomination. But he refused to rule out the possibility that he will run again as a third-party candidate as he did in 1968.

Wallace's insistence that he is a bonafide candidate has been challenged by Democratic National Chairman Lawrence O'Brien, who has charged Wallace will make a shambles out of the nominating process by entering party primaries.

Senate Democratic Leader Mike Mansfield of Montana Sunday said he would not support Wallace.

"I think Wallace is, in effect, running under the Democratic banner for purposes of his own," Mansfield said. "Mansfield appeared on ABC's 'Issues and Answers' broadcast."

per cent for Lindsay and 5 per cent for former Sen. Eugene J. McCarthy of Minnesota.

Meanwhile, Kennedy, who has persistently denied any White House aspirations for this year, predicted in Providence, R.I., that President Nixon will set a specific date for total U.S. withdrawal from Vietnam as the November election draws closer.

"As long as the U.S. soldiers are being held prisoner in Southeast Asia, as long as this country continues the bombing in Vietnam and Laos and as long as American troops remain there, the war will continue to be a major issue," Kennedy told students at Providence College.

Oregon Secretary of State Clay Myers said in Salem Kennedy's name may appear on the state's May 23 presidential primary ballot despite the senator's repeated disavowal of candidacy.

Under Oregon law, the secretary of state decides which presidential candidates are "generally advocated" and should be listed on the ballot. People listed can't remove their own names by denying their candidacies, as Kennedy did in Massachusetts and Florida.

In St. Paul, Minn., McCarthy, who sought the Democratic nomination in 1968, hinted he may lead a third party effort in November "if the Democrats don't give us a choice."

"The two-party system is justified only if it gives people a choice on the important issues," McCarthy told a crowd at McAlister College.

Campaigning in Jacksonville, Fla., former Vice President Humphrey said he would be honored to have Gov. Reubin Askew of Florida as his vice

presidential running mate this year.

Speaking at a \$10-a-plate fund raising dinner, Humphrey told 300 guests Askew is "one of the top stars in public life in this nation."

Meanwhile, Sen. George McGovern of South Dakota, another Democratic candidate, received the endorsement of the Pennsylvania chapter of the liberal New Democratic Coalition.

McGovern's office in Washington said he also garnered the endorsement of the liberal Florida Conference of Concerned Democrats.

Sen. Henry M. Jackson of Washington, also a candidate for the Democratic nomination, said the President plans to blame the country's economic ills on the unions and their leaders.

A supporter of legislation favorable to organized labor, Jackson said Nixon will single out AFL-CIO President George Meany "as public enemy No. 1."

# How's Your Hearing?

Chicago, Ill. — A free offer of special interest to those who hear but do not understand words has been announced by Beltone. A non-operating model of the smallest Beltone aid ever made will be given absolutely free to anyone answering this advertisement.

Try it to see how it is worn in the privacy of your own home without cost or obligation of any kind. It's yours to keep, free. It weighs less than a third of an ounce, and it's all at ear level, in one unit. No wires lead from body to head.

These models are free from our Hearing Aid Division, so we suggest you write for yours now. Again, we repeat, there is no cost, and certainly no obligation. Write to Dept. 2420 Beltone Electronics Corp., 4201 W. Victoria, Chicago, Ill. 60646.

**MAKE 72 THE YEAR FOR YOU!**

IN **KINGSWAY PLAZA MALL**

We are planning our—your—biggest year in 1972. In the past 15 months, 33 additional Karmelkorn Shoppes were opened in new shopping centers.

The time is perfect for you to become established with Karmelkorn — a 43-year-old product line sold in colorful Karmelkorn Shoppes and enjoyed by all age groups. Reasonable investment for high profit potential. You'll be your own boss. No more worries about job and family security (Karmelkorn has proved depression and recession-proof).

Many other locations available. For complete information, mail coupon today or telephone.

## Library For Blind Has Workshop

A workshop for Southeast Missouri librarians at the Wolfner Memorial Library for the Blind and Physically Handicapped was attended by staff members from the Riverside Regional Library Wednesday. Going from the Central Center in Jackson was Earl Oldham, Administrative Librarian; Mrs. William Yeager; Lester Wilfong; and Mrs. Alfred Limbaugh, Assistant Librarian. The workshop was designed to acquaint librarians of the area with the services available through the Wolfner Library, so they in turn could serve as contacts with people in Southeast Missouri who need and can use those services.

The Wolfner Memorial Library for the Blind and Physically Handicapped, located at 1808 Washington Avenue, St. Louis, is a statewide service of the St. Louis Public Library, funded by the state legislature through the Missouri State Library. The materials which are circulated by the library are obtained through the Library of Congress which has a special division for the blind and physically handicapped.

All services of the Wolfner Library are provided without charge. Materials are mailed to the library's patrons, and are returned in the same way, postage - free. The library personnel attending the workshop were impressed with the number and variety of reading matter available; almost any publication can be borrowed in some form from the Wolfner Library. Their largest and most popular division is the Talking Books section. In this department books and magazines are recorded on specially produced slow-speed phonograph records, and played on a lightweight Talking Book machine (record player) also supplied by the library. For those able to read braille, the library has a large collection of representative titles available. There are also collections of books recorded on reels of magnetic tape and on tape cassettes, and of books printed in large type for use of persons with partial vision.

There are application blanks for Wolfner Library service on hand at the Riverside Regional Library, and any interested persons are urged to inquire there for details.

## Telethon Meeting Planned

CHARLESTON—A meeting for the Channel 12 cerebral palsy telethon will be held in the Methodist church basement Thursday at 7 p.m.

A film will be shown and a speaker will explain some of the costs and burdens cerebral palsy victims have.

Plans for Mississippi county to participate in the telethon will be discussed. Clubs are asked to send a representative and anyone who has worked on road blocks is urged to come.

Out of town residents are welcome to come and exchange ideas.

Coffee and cookies will be served at the close of the meeting by the Charleston Wives.

Love is...

...feeling that she's indispensable.

Ann Landers

## Iguana Frightening When In Bathtub

Dear Ann Landers: We went to visit my brother-in-law and his wife last weekend and I am still shaking from an experience I had while a guest in their home. Please set me straight on a few facts.

My sister-in-law told us when we arrived that we would have to share the children's bathroom because the bathroom connected with the sun porch where we were to sleep was not usable. No other explanation. After I unpacked I went into the adjoining bathroom to wash my hands. I almost died of fright. There was a five-foot alligator in the bathtub. I ran downstairs and asked my sister-in-law what that thing was doing in there. She was very cool about it—said the kids had been given an iguana by their uncle last year and it just grew. I asked what they planned to do with it and she said they'd probably give it to the zoo, as soon as they could talk the children into parting with it. She also said it was harmless and I was silly to be so upset.

I didn't get much sleep that weekend, and I still shake when I think of it. Having a lizard in an adjoining room is not my idea of a restful weekend. Please tell me if something that looks like a crocodile is harmless, and if an

iguana can grow that big. (It must have weighed 30 pounds) No one in Grand Rapids has ever seen one of those things.

—FRAIDY CAT.  
Dear CAT: Your sister-in-law gave you the straight goods—iguana can grow to be five feet long. I think it's criminal that animals are sold to the public as novelty "toys" for kids. Thousands of baby chicks and bunnies suffer the same sad fate at Easter time. Most people don't know what to do with the chickens and rabbits when they grow up. That poor iguana was not meant to flop around in a bathtub. I hope your sister-in-law takes him to a zoo soon. Please tell her I suggested it. Animals have rights, too.

Dear Ann Landers: Our son-in-law went through our personal papers which were in a desk drawer. My wife refused to believe that he would do such a thing so I set a trap (an act I am not proud of), but I felt we had a right to know the truth. I arranged the paper clips in such a way that I would know for sure if someone removed them. Sure enough, a week later it happened again.

My wife and I have inherited some money—not a fortune, by any means. Our son-in-law

knows of the inheritance, but he has no idea of the amount. We believe he has a healthy interest in the details, and was snooping around to learn more.

We are wondering about two things: (A) Can we arrange our wills so that our daughter would have the income from a trust fund, but, if she should predecease her husband, he would NOT inherit the principal? (B) Should we tell our daughter what we know—for her own protection? —Disenchanted in Arizona

Dear Dis: (A) See a lawyer about the will. He will advise you. (B) Do not tell your daughter about this incident. It would create a problem between her and her husband, to say nothing of what it might do to your relationship with your son-in-law. If he has an unhealthy interest in your money, his wife will get the message—eventually.

It's not always easy to recognize love, especially the first time around. Acquaint yourself with the guidelines. Read Ann Landers' booklet, "Love Or Sex And How To Tell The Difference." For a copy, mail 35 cents in coin and a long, stamped, self-addressed envelope with your request to this newspaper.

## Woman Teaches Students To Make Laboratory Equipment

CHICAGO (AP)—With its array of power tools lining the wall and band saws, work benches, drills, chisels, augers and wood planes all around, Room T-308 in the Illinois College of Optometry looks more like a carpentry shop than a classroom.

Presiding over this unusual area is a woman, Norma D. Miller, research director and associate professor of physiological optics at ICO. By teaching students to make their own laboratory equipment, she hopes to inculcate the scientific spirit necessary for keeping up with advances in their profession.

"My real function at the college," explains the jovial-looking grandmother, "is to instill enough old guard science to give new scientific advances perspective and meaning for the students."

To this task Mrs. Miller brings credentials unmatched by any person of her gender in the nation. A native of Rochester, N.Y., she is the first woman in the country to receive a college degree in optics. That was in 1939, from the University of Rochester. Today, only a handful of other women in this country have earned the same degree.

## DAR Meets

The Kingshighway chapter of the DAR met last Monday night at the home of Mrs. Gladys Renson with Mrs. Helen Jones co-hostess.

Members were present from East Prairie, Charleston and Sikeston.

Mrs. Sally Burke read the 80th Continental Congress resolutions.

Jack Burke of Charleston was the guest speaker. He gave a program on national defense and asked if planes, tanks and vast numbers of trained men were the most important items of national defense. He said they were important but not as important as individual freedom in his opinion.

"We must keep our freedom at all costs. If we lose our individual freedom, what's to defend," he asked.

A scientist and researcher of international reputation in the complex field of light and its effect on human efficiency, Mrs. Miller has investigated and evaluated such problems as eye hazards from nuclear weapons, visual distortion caused by astronauts' helmets, and the feasibility of a prosthetic eye that would give the blind meaningful visual experience.

"We're building an entire research department from scratch, to give future optometrists an understanding of the scientific principles upon which vision care is based," she says of her latest challenge. "In light of today's accelerated technology, basic scientific understanding is the only way future optometrists are going to be able to stay abreast of their field and grow as professionals, rather than just technicians."

At present, fourth year student John Tivnan is helping Mrs. Miller design and build apparatus for her student laboratories.

"We've already built over 20 pieces of laboratory equipment," she says. "Sophisticated pieces such as a device to measure the threshold of stereopsis, instruments for measuring the magnification in lenses—even a tilting plane eikonometer for measuring distortions of space caused by

viewing through lenses and prisms."

After marriage to mechanical engineer F. Dana Miller and "taking time out to rear two boys to kindergarten age," Mrs. Miller, now a widow, returned to the University of Rochester for her master's degree.

As a researcher and teacher at the University of Rochester her reputation as a theorist in optical science grew until, in 1960, the Atomic Energy Commission sought her help in problem-solving. In 1961 she moved to the Ohio State University campus, where she was research associate and assistant professor of optometry until 1967.

"I was always torn between teaching and research as full-time pursuits, but at Ohio State I solved the problem. I became fulltime in both," the soft-spoken woman recalls with a smile.

It was there that she accepted a research contract from the School of Aerospace Medicine to minimize the hazards of flash blindness suffered by pilots passing too near a nuclear bomb blast. In addition she taught colorimetry, photometry, geometrical optics, physical optics and physiological optics at the OSU College of Optometry.

## Cowan-Davis

ESSEX — Mr. and Mrs. Wesley Cowan announce the engagement of their daughter, Verla Jean, to Kenneth Alan Davis, son of Mr. and Mrs. A. L. Davis, 606 Maple, Sikeston. Miss Cowan is a graduate of McGehee high school in McGehee, Ark. and is a senior business education major at Southeast Missouri State college in Cape Girardeau.

Davis is a 1964 graduate of Sikeston high school and a 1968 graduate of Southeast Missouri State. He is teaching driver's education and is the assistant basketball coach in the Bloomfield school system. A February 12 wedding is being planned.

Verla Jean Cowan

## POLLY'S POINTERS

### Unreadable Messages Are Her Pet Peeve

By POLLY CRAMER

DEAR POLLY—My Pet Peeve has just happened again. I received a card and cannot read the message on it as the post office stamped their cancellation stamp over the writing. I would think they could stamp on the right side of the margin. After all, when people pay six cents to tell how things went on a trip or when they are arriving home, the post office employees should respect the message.—MRS. T. K.

DEAR POLLY—I want to tell Mrs. J. P., who has trouble with the colors in her asphalt tile floor bleeding when the wax is removed, that she can have a floor maintenance man seal her floor or she could buy an asphalt tile sealer and apply two coats herself. Be sure the first is completely dry before applying the second. This has to be renewed occasionally in the spots where traffic is heavy and wax wears off.—ROSEMARY

DEAR GIRLS—Use self-polishing wax or manufacturer's suggested finish on asphalt tile floors as paste or liquid wax contain solvents that soften such tiles and can cause colors to run.—POLLY

DEAR POLLY — Most of us put our slips in a drawer and the slip wanted will invariably be at the bottom. Now I hang my slips on a plastic hanger that has notches in it and then hang this in the closet. Six slips on a hanger take only two inches of space. It is so nice to just push the other hangers aside and get the wanted slip without delay, mess or trouble.—MRS. I. B.

### Polly's Problem

DEAR POLLY—I need help before all our clothes have to be dry cleaned. When my husband polishes baby's white shoes for church, he buffs them excessively, yet every Sunday we come home with white polish on our clothes. Is there anything that can be sprayed on these shoes to prevent this rub off or is there some other solution to the problem?—BRENDA

## Fashions For The Small Fry

NEW YORK—(NEA)—For 40 years Johnston of Dallas has been making mothers happy with its children's fashions. And this year is no exception.

In the 1972 spring and summer collections by its famous designers, Betti Terrell of Dallas and Suzanne Godart of New York, there is a charming world of fashion from a six-month size to size 14.

Betti Terrell designs have become a legend as mothers who wore them as babies now buy them for their own boys and girls in sizes 6-9-12 and 18 months. For toddlers her designs have the "Fischel" label and for both these age groups are also the "Little One" fashions. Her hallmark is the use of beautiful colors, laces and embroideries and whimsical appliques that acquaint little individualists with the magical world of animals, toys and flowers.

Paris-born Suzanne Godart, having long established an enviable reputation for her fashions for girls, continues her steady sure ways of good taste and fashion know-how with sizes 3 to 6x and 7 to 14 in two collections.

Believing that a child behaves as she is dressed, Mrs. Godart designs wardrobes that catch the youth and gaiety of growing girls yet give a certain charm and dignity. Typical of her bold use of contrast colors in machine-washable fabrics are her navy dress of red warm pants and the accent of white soutache braid and the hot pink kettlecloth jumper with navy flower-printed blouse.

The blazer leads off the salute to spring in the Suzanne Godart collections. In pink checks, bold-striped seersucker, flower-printed cloth or cream flannel, it coordinates with a dress, skirt or pants and blouse.

Mrs. Godart has gone around the world for her fashion story. The loose catan combines grape home-

spun with voile. White kettlecloth has a South-of-the-Border look with multi-colored and dark blue rick-rack and black braid trim. Her school-girl smock has a French accent with large round collar and long sleeves with deep buttoned cuffs. Frog closure, a mandarin collar and side slit add up to an Oriental look. And the Americana goes nautical in navy double knit with white braid, red anchors and brass buttons.

There's lots to see in these new collections for the fashionable small fry.

Mrs. Bill Hoskins

## Hoskins-Curry

Mr. and Mrs. Doyle W. Curry, Sikeston, announce the marriage of their daughter, Bonita, to Bill Hoskins, son of Mr. and Mrs. Lowell Hoskins, Morehouse.

The wedding took place at the First Baptist church, Morehouse, Jan. 8.

## Board Members

### Attend Meeting

HOWARDVILLE—New Madrid County R-1 enlarged school district board members, T. L. Maschmeyer, Lilbourn, Markus Koch, Matthews and district superintendent Dr. George S. Reuter, Jr. attended a joint state conference of the Missouri School Boards Association and the Missouri Association of School Administrators at Columbia Jan. 16-18.

Dr. Reuter received a citation for twenty-five years of service in educational administration.

## Teachers Vote On Pay Checks

The group did favor a second proposition that beginning with the 1972-73 school year, those teachers working 9 months be paid 12 checks, with the first check paid at the end of 20 working days in September and the last paid the following August.

Results of the polls reported by Miss Jeannette Haubold, president of the association, were proposition one, 210 favored six paychecks and 65 voted for 8 paychecks. On proposition two, 219 favored 12 paychecks and 40 wanted 9 paychecks.

Amazing New **LEMON PROTEIN** Rinse Safely  
**CURLS, WAVES HAIR**  
*Without Permanent Waving!*

No matter how straight and hard to curl your hair is, you can make it as amazing new RINSA RAMA™ LEMON PROTEIN RINSE in just one wash! Rinse out all styling gels or waxes. Condition through hair, making no curls, rollers or pins. Overnight hair takes on naturally lustrous casual waves and curls as lovely as naturally curly hair. At the end of the day, take out the rollers. Lemon-Protein Formula makes hair glow with a healthy, exciting fluorescent sheen; you'll love. Safe for all types of hair, even dyed and bleached hair. No need to worry about how damp or rainy the weather, your hair stays as shiny and smooth all day as the first day after the salon. Hair helps avoid split ends. Fights dandruff. Even hair that's worn natural looks shiny and healthy without losing even its amazing shine. Only \$2 for enough RINSA RAMA Concentrate to make a full quart.

Rinse (Don't kiss) your hair!

of wonder-working Lemoli Protein hair curling, hair  
texturising rinse at cosmetic counters.

# Raiders Lose Again

**POPLAR BLUFF** — Meramec Community College of St. Louis rallied from a 39-31 halftime deficit to throw the Missouri Junior College Athletic Association conference race into a scramble and defeat Three Rivers 71-68 Saturday night. Coach Gene Bess' cagers ran into early foul trouble and let their visitors claim the victory from the free throw line where they hit on 21 shots. The Raiders netted only four and out-scored the visitors 32-25 from the field. Larry Locke scored 24 points to head up the MCC offense which included 18 by Dennis Nolte and 12 from

Mike Fingerhut. Steve Reynolds pumped in 19 points for TRCC. Larry Lawrence had 11 and Larry Wills 10 to round out the Raiders double figure scorers.

Lawrence paced the rebounding with 10 grabs. Scoring: MERAMEC (71) Williams 8, Coleman 6, Parks

3, Locke 24, Fingerhut 12, Nolte 18. Totals: FG-25; FT-21; PF-11. THREE RIVERS (68) Bock 2, Erwin 9, Evans 8, Hall 8, Lawrence 11, Millham 1, Reynolds 19, Wills 10. Totals: FG-32; FT-4; PF-24

## Clarkton Wins Pair

**DEERING** — Clarkton made off with two victories here last night as the Reindeer out-muscled the Chargers 52-32 in the B contest and 64-59 in the A battle. Johnny McGee scored 21 points to lead coach Bill

Hampton's offense which included 19 from Phil DeLong and 12 by Tony Campbell. Mark Ward scored 17 for C-7. Scoring: DELTA C-7 (59) Young 10, Ward 17, Murrell

12, Sarner 14, Bradford 6. Totals: FG-26; FT-7; PF-10. CLARKTON (64) Campbell 12, Steoking 3, McGee 21, DeLong 19, Morgan 5, Lawrence 4. Totals: FG-28; FT-8; PF-5. Score by Quarters: Clarkton 14 16 19 15-64 Delta C-7 13 18 12 16-59

## SEMO State Big 8 Dumps Votes Miners Freshman

**CAPE GIRARDEAU** — The duo of Andrew Reid and Jim Anderson led the Southeast Missouri State College Indians to their second MIAA conference win, beating the Rolla Miners, 85-73 at Hock Fieldhouse Saturday evening. Reid led the way with 20 points, his high point game of the season. Anderson added 19. Leonard Bishop scored 13 from his guard spot and Fred Johnson was held to 10 points, about a half-dozen below his season's average. Rick Peters was high for the Miners with 20. John Ladner added 10. The two teams played fairly tight ball for the first twenty minutes. The score was knotted at intermission, 42-42. However, the Cape quickness and shootness skill began to show itself in the second half as the Indians

**KANSAS CITY (AP)** — Faculty representatives in the Big Eight Conference have voted to make freshmen eligible for varsity play in football and basketball. Chuck Neinas, conference commissioner, announced.

surely and steadily pulled away. Cape State is now 7-5 overall and up to 2-3 in conference. Rolla is 5-8 and 1-2 in games that count. Cape State plays next Monday night at Macomb, Illinois against Western Illinois University.

Scoring: SEMO (85) Bishop 13, Payne 5, Johnson 10, Anderson 19, Reid 20, Stegner 4, Maritz 6, Landgraf 2, Hale 6. Totals: FG-32; FT-21; PF-3

ROLLA (73) LeGrand 8, Williams 16, Noel 5, Sanhaus 5, Peters 20, Newman 6, Kissack 2, Ladner 1, McKenzie 1. Totals: FG-24; FT-25; PF-25.

SCOTT COUNTY CENTRAL'S Louis Wheeler (32) and Fred Rowe (42) out-battle Oran's Paul Taylor for a rebound during the championship of the Scott-Mississippi conference tournament Saturday night.

## AFC Wins Bowl

**LOS ANGELES (AP)** — Jan Stenerud, his first two field goal attempts failing, wondered whether he belonged in the Pro Bowl with the elite of the National Football League.

The nightmare of losing pro football's longest game also lingered. Stenerud proved he belongs.

Goat of the Kansas City Miami double sudden-death overtime 27-24 Chiefs' defeat last month because he missed two field goals, Stenerud was voted offensive player of 22nd annual Pro Bowl Sunday.

His four field goals helped the American Conference topple the National Conference 26-13. The 26-year-old Norwegian soccer-style place kicker said he wasn't alone in doubting his ability.

"I heard some people in the stands saying, 'What are you doing in this game?'" Stenerud said, "and I had some thoughts about that myself after I missed that second field goal."

His first field goal attempt, from 38 yards out, was partially blocked by Detroit middle linebacker Mike Lucci. His second attempt, also in the first quarter, sailed wide of the

uprights from 28 yards away.

"I was very glad I got another chance," Stenerud said. "As it is I kind of redeemed myself. I'm looking forward to next season now."

His field goals, from 25, 23, 48 and 42 yards, along with Kansas City quarterback Len Dawson's five-yard touchdown pass to Cleveland's Milt Morin, gave the AFC a 19-6 lead with nine seconds gone in the fourth quarter.

The NFC, which defeated the AFC 27-6 last year in the first Pro Bowl since the merger, had scored first on a 50-yard pass from Detroit's Greg Landry to Minnesota's Bob Grim. It narrowed the gap to six points with almost eight minutes to play in the game when San Francisco's Vic Washington swept left end untouched for two yards.

But the AFC marched 73 yards in 12 plays, all on the ground and including 42 yards in seven carries by Eugene "Mercury" Morris of Miami. Victory was assured with 1:22 left when Denver's Floyd Little scored on a six-yard run.

AFC Coach Don McCafferty of Baltimore said he was tired of AFC vs. NFC discussion.

But Morris wasn't: "We're always at war with the NFC. We always have to prove ourselves."

"The players weren't really up for this game, not like a regular game," said Stenerud. "It was a very relaxed atmosphere. But I still think we wanted this one a lot more than they did."

Miami's Bob Griese started for the AFC at quarterback and turned the tables on Roger Staubach, Dallas quarterback in the 24-3 Super Bowl victory over the Dolphins.

Griese hit on eight of 16 passes for 114 yards, four of them going to fellow Dolphin Paul Warfield for 75 yards, and Staubach completed just one of six passes for 14 yards as each played about half the game.

"I'm going to start working out immediately for next season," said Staubach. "This game definitely won't make me complacent. I can't remember when I had two interceptions in one game."

Staubach, who had only four interceptions all season, "didn't have the time to throw but I thought he called some very good plays," said Coach Dick Nolan of San Francisco.

**FOUND!**  
**1½ million sq. ft.**  
of warehouse space in the Missouri Bootheel.

America's largest warehouseman has over 1½ million feet of space in Caruthersville, Hayti, Lilbourn, Portageville and Sikeston. And land for expansion. Our leasing experts can show you how you can save money with space available now. For warehousing. For in-transit storage. For full distribution—regionally or nationally. We can suit your needs. Even for retail development.

You probably thought cotton compressing and storing was the only thing we did best. But Federal Compress has a proven record of service to many industries.

Talk to our team of distribution, warehousing and leasing experts this week. We'll work with you to solve your space problems.

GOLFER BEATS NETMAN  
DORADO BEACH, P. R.  
(AP) — San Juan banker Jack Furet beat former tennis player Welby Van Horn 8 and 7 in the 36-hole final of the Amateur of Americas golf tournament at the Dorado Beach Golf Club.  
Connie Hirschman of York, Pa., won the women's title. John Dohoney of Hicksville, N. Y., took the seniors trophy.

BENTON — Scott County Central waited six seasons before laying claim to a Scott-Mississippi conference championship but has taken a liking to the coveted honor and made off with its second straight such title Saturday night when Coach Ron Cookson's cagers defied the pre-tournament seedings of the coaches and rose up from its fourth seeded position to knock off top seeded Kelly in the semifinals and then dispose of second seeded

Oran in the title bout, 76-74.

Cookson, the Daily Standard coach of the year last season, led the club to its first Scott-Miss title in his first season as Braves coach last year.

The Braves had to battle from a first half deficit to take its second straight championship. SCCHS trailed 22-18 in the first quarter and didn't overtake the sharp shooting Eagles until early in the fourth quarter when Fred Rowe slapped in three straight baskets to put the Braves in the lead, where they stayed until the final buzzer.

Oran had a chance to tie the score in the waning seconds of the contest but an eight foot desperation shot fell off the rim and with it came the Eagles title hopes and the Braves second straight league tournament title.

John Fort pumped in 23 points to head up four player SCCHS offense which included 19 by Louis Wheeler, 14 from David Pobst and 10 by Rowe.

Coach Joe Scutt's OHS Eagles downfall came at the free throw line where they scored only eight points while out-scoring the Braves 33-31 from the field.

Rodney LeGrand slipped in 27 points against the high jumping Braves to lead all scorers on the night. Robert Gibson added 18, Otis Burley 16 and Gary Shaffer 11.

Kelly's junior varsity had a rather easy time in downing Illmo-Scott City for the JV title, 58-43.

I-SC was held to 12 points in the first half while the Hawks were racking up 29 and then toyed with the Rams the second half.

M. A. Glastetter and Ken Urhahn netted 20 and 18 points respectively for the Hawks. Mike Genry had 10 for the Rams top effort.

Scoring:

LOPAT HAS CAGUAS  
CAGUAS, P. R. (AP) — Ed Lopat, former New York Yankee World Series star, is managing the Caguas Criollos in the Puerto Rican League. The former manager of the Kansas City Athletics has a number of Montreal Expos on his roster. During the major league season, Lopat scouts for the Expos.

JEFF JACKSON (40) puts up a shot over the out-stretched arm of an Illmo-Scott City defender during the championship game of the Scott-Mississippi conference junior varsity tournament at Kelly Saturday night. Jackson scored nine points and grabbed as many rebounds in assisting the Hawks to the championship.

SOUTHEAST MISSOURI STATE College's Andrew Reid deflects a shot by a Rolla player during Saturday night's MIAA conference game at Houck Field house in Cape Girardeau. Reid led the Indians in scoring and to the league victory.

## Mizzou Moves Into Second Place Tie

KANSAS CITY (AP) — The second place log jam in the Big Eight Conference basketball race will be eased tonight when Iowa State invades Kansas and Oklahoma State travels to Oklahoma.

Four teams, Missouri, Kansas State, Oklahoma and Kansas, are deadlocked for the runner-up spot behind the frontrunning Nebraska Cornhuskers. Each has a 2-1 league record. Nebraska is 3-0. The tight second place scramble developed Saturday when Colorado knocked off Kansas, seeking to tie idle Nebraska for the lead, 74-69 while Missouri downed Iowa State 87-75 and Kansas State nipped Oklahoma State 66-64.

Oklahoma was beaten in overtime 75-72 by South Alabama in a nonconference clash.

Colorado's victory over Kansas was its first in league play in three tests and ended the Jayhawks' string of consecutive Big Eight triumphs at 17 dating back to late in the 1970 campaign.

Jerome Wright got 19 points for the victorious Buffs in the regionally televised game and Jim Creighton added 18 and Scott Wedman, who hauled down 15 rebounds, 16.

The lead changed hands 14 times. The Buffs went ahead to stay with five minutes remaining. Lee Haven held the Kansas star, Bud Stallworth, to 11 points, far below his leagueleading 23.4-point average.

Missouri's victory over the Cyclones just about wrecked the championship ambitions of Iowa State, 1-3. The Tigers came up with 12 free throws in the closing moments to break open what had been a close game. The Cyclones trailed by only five points with 1:20 left.

The Tigers, 13-2 against all foes, buried the Cyclones in rebounding 49-23. John Brown made 26 points and Mike Griffin 25 for the Bengals. Brown and Al Eberhard each collected 16 rebounds. Wayne Williams sank 23 points for Iowa State and Martinez Denmon 21, all in the second half.

Oklahoma State, 0-4, scored on 12 straight possessions to pull up to within two points of Kansas State after trailing by 18 with 15 minutes left.

Timely steals by Raymond Cole and the shooting of Kevin Fitzgerald, who led all scorers with 20 points, fired the comeback effort. Six Kansas State players scored in double figures with David Hall getting the most, 14.

Scott Martin's 18 points weren't enough in Oklahoma's loss to South

Alabama as the victor used free throws in the overtime period to bring the upset. Oklahoma is 6-8 over-all. This week's remaining schedule:  
Wednesday—Nebraska at

Oklahoma State.  
Saturday—Oklahoma State at Iowa State, day; Oklahoma at Kansas State; Nebraska at Kansas; Missouri at Colorado.

## EPHS Coach Resigns

EAST PRAIRIE — Ed McWilliams has announced his resignation as EPHS high school football coach to accept the position as Elementary Physical Education instructor, Superintendent Ray Melton announced today.

Applications for head coach and assistant jobs are being taken by superintendent Melton. All correspondence should be made directly to the superintendent at P. O. Box 100, East Prairie, Mo. 63845.

## Illinois Power Displayed

CAPE GIRARDEAU — The Notre Dame Bulldogs saw their record drop to 7-7 with a 74-44 pasting at the hands of Meridian, Illinois. Meridian earlier took Cape Central. Meeks led a very well balanced scoring attack with 16 points. Roger Schlitt was the high scorer for the Bulldogs as the 5-foot-11 guard pumped in 17, about five or six below his season's average.

Meridian won the ballgame from the floor where they held a commanding 30-13 advantage in field goals. Notre Dame had a slight edge in charity tosses, but it was far from being enough to stop Meridian as they drove to their fourteenth win in fifteen outings.

Meridian had quarter edges of 22-11, 41-21, and 57-31, as they were never headed after the early moments. The Illinois team is presently ranked third in the state in the small high school division.

Scoring:  
MERIDIAN, ILL. (74)  
Johnson 11, Hawkins 10, Howard 8, Fitzgerald 10, Bogart 10, Hudson 6, Taylor 2, Meeks 16. Totals: FG-30; FT-14; PF-22.  
NOTRE DAME (44)  
Dinberger 4, Schlitt 17, Beussink 15, Glastetter 2, T. Buehrle 3, V. Buehrle 2, Maurer 1. Totals: FG-13; FT-18; PF-13.  
Score by Quarters:  
Meridian 22 19 16 17—  
Notre Dame 11 10 13—

Alaska will pay any citizen a bounty of \$50 for killing a wolf.

# What's The Law Bellhop Is Sightseer

By Jack Strauss, LL.B.

Curvacious Clara went on a vacation to sight-see, but it was a bellhop who did the viewing. Stopping over at an expensive and highfalutin hotel, she caught the bellhop watching her undress from behind a door in her room. Wrapped only in embarrassment, Clara promptly forced the intruder into the hallway and then sued the hotel for damages.

"It was the most humiliating thing that's ever happened to me," she complained in court. "When a woman undresses in her hotel room, she's entitled to absolute privacy."

"It's not our fault that one of our bellhops turned out to be a Peeping Tom," responded the attorney for the hotel. "Bellhops are hired to lug luggage and not to peer at their peers. It was an unfortunate incident but not one for which the hotel can be held liable."

IF YOU WERE THE JUDGE, would you hold the hotel liable for the sight-seeing of its bellhop?

This is how the judge ruled: YES! The judge held that an innkeeper is bound to exercise reasonable care that neither he nor his servants shall be uncivil or harsh to a guest; that it may be considered a breach of contract if guests do not receive decent and respectful treatment with due allowance being made for the grade of the hotel. The better the hotel, concluded the judge, the better the treatment required. (Based upon a 1959 United States Court of Appeals Decision)

## SHOWBEAT

### Movies Abscond With 'Kidnapped'

By DICK KLEINER

HOLLYWOOD—(NEA)—"Kidnapped," the new movie starring Michael Caine, Trevor Howard, Jack Hawkins and Donald Pleasence, is an escape from television.

Director Delbert Mann tells the story of "Kidnapped" and its curious history.

Mann directed three special TV movies, all done for the company James Franciscus heads. The three were "Heidi," "David Copperfield" and "Jane Eyre." Those were done as coproduction deals, with NBC putting part of the money and foreign distributors the rest.

When they were finished, NBC had the right to telecast them twice here, but they were shown in theaters in Europe.

"Kidnapped" started out the same way. But Mann says it got too big, too expensive.

"We found we just couldn't do it for television," he says. "So we went to NBC and told them, and they reluctantly bowed out."

Then Mann, Franciscus and producer Frederick Brogger had to refinance the project, and they got American-International Pictures to put up NBC's share of the money. And now, "Kidnapped" has been released here in theaters. It may eventually find its way to television, of course, but not for a few years.

"Kidnapped" was filmed entirely in Scotland, where the Robert Louis Stevenson book was set. This posed a problem, because Mann had to keep in mind his American audience, and some of the Scots talked with such a thick burr they would be unintelligible to American ears.

"We had to loop quite a few of the lines," he says, "so audiences here could understand what the actors were saying."

The Franciscus-Brogger-Mann team has several other projects in the works, but it's too soon to tell if they'll be released here in theaters or on TV. One that Mann is especially excited about is a new look at King Richard III—not based on Shakespeare's interpretation, but on what recent scholarship has unearthed. Peter O'Toole is interested in the role.

## Keys to the Library

It's been more than 12 years since Evelyn Keyes showed her pretty face in Hollywood, and she probably wouldn't be here now if she hadn't written a novel, "I Am a Billboard," and returned to promote it.

Miss Keyes, who starred in some 40 films through the '40s and '50s—she says that "most of them weren't so hot"—quit Hollywood voluntarily.

"I left," she says, "and went to Paris. That was about 15 years ago. I just got tired of this place. There had been a time when I thought this was the only place in the world to be, that anybody who didn't feel that way was a fool, but I changed my mind. I felt that there was more to life, and I just had to get out."

So she got out. Then she married Artie Shaw, and they've been married for about 15 years, making her easily the world's champion Mrs. Shaw. They lived in Spain for a while, and now make Connecticut their home.

Evelyn says she's having trouble finding her way around Hollywood this trip. The tall buildings, which weren't here 12 years ago, make it seem quite different to her.

Her book is the result of a long-standing ambition. She says she always wanted to write, but never did anything about it until 10 years ago.

"No definite spark set it off," she says. "One day I went out and bought a lot of paper and sharpened a pencil and here I am. And now that's about the only thing I like to do—I'm well into a second novel already."

## Actors Guild Says Job Opportunities Waning

HOLLYWOOD (AP)—The state of the union, the president reported, is rocky television network schedules, but hopeful.

The union in this instance is the Screen Actors Guild, which numbers among its 24,000 members some of the most famous faces in the world. But there are among its members a high percentage of faces which never will be recognized. And that's part of the guild's problems, says John Gavin, its president.

"From 1939 to 1960, the guild membership ran the same—around 9,000," Gavin said. "After 1960, the total climbed, and it now remains steady at 24,000."

"When the guild had 9,000 members, employment was mostly in feature pictures. In 1948, the studios were making 500 a year. Now they make 200 a year, 100 of them abroad. Our members also draw a great amount of revenue from television, the majority of it from commercials."

"Television employment has declined. In earlier years, a series filmed 39 to 36 segments. Then the total came down to 30, 26, 20. This season some shows are shooting only 17."

"There has always been a large percentage of our membership that is not thriving. With the total number so large the employment opportunities is diminishing, the situation is exacerbated."

Gavin (who appeared in "Tammy," "Thoroughly Modern Millie"), sees hope for the future of the guild and its members. The basis for his hope is help from Washington in the form of tax credits and faster amortization of film investments.

Another aid the guild is seeking is rescinding of the Federal Communications

# Looking Back Open House Held To Honor Wedding

50 Years Ago

Fire destroyed the residence of Mr. and Mrs. Harold Lewis at Miner Switch Wednesday morning and the adjacent shop of the Sikeston

Salvage Co., which the former operated.

Misses Mary Dickson Proctor and Louise Gardner are new additions to the bookkeeping department of the Bank of Sikeston.

Mr. and Mrs. John Reed of Dexter are receiving congratulations on the birth of their first child, a daughter, born January 13 at St. Mary's infirmary in Cairo, Ill. Mr. Reed is employed by the McKnight-Keaton Grocery Co., and with Mrs. Reed, resided in Sikeston for several years.

Open house was held at the home of Mr. and Mrs. J. M. Pitman Sunday in observance of the 50th wedding anniversary of Mrs. Pitman's parents, Mr. and Mrs. T. M. Solomon.

20 Years Ago  
January 24, 1952

About 200 guests called yesterday to offer congratulations to Mr. and Mrs. J. Z. Sutton on their Golden Wedding anniversary, at a reception given by their children, at the Sutton home 402 Dorothy street.

Stork Club. Mr. and Mrs. Willard Garner of Matthews are parents of a baby girl born on the 20th at the Delta Community hospital.

It's twin baby girls for Mr. and Mrs. Glen Jones of Sikeston born on the 20th.

A daughter was born to Mr. and Mrs. Delmar Adams of Sikeston on the 21st.

Mr. and Mrs. William Hollis of Sikeston are also parents of a girl born on the 21st.

A son was born on the 22nd to Mr. and Mrs. Eddie L. Davis of New Madrid.

Reuben Joseph Lavender of Sikeston, 79, died at the home

authority started. But none of the money would have been allotted until Missouri was assured that federal officials had agreed to locate the new facility in this state.

Opponents of the Blackwell plan said it wouldn't give the new authority any power at all and would prevent Missouri from ever getting the airport located on this side of the Mississippi River.

Blackwell said his plan was intended merely to match a commitment already made by the state of Illinois in the plan being backed by Gov. Richard B. Ogilvie and St. Louis Mayor A. J. Cervantes.

Under a new bill offered today, a state minimum wage of \$1.80 an hour would be established this year in Missouri, with the required rate going to \$2 next year.

Other new Senate bills would:

Prevent St. Louis policemen from using firearms except to protect their own lives or the lives of others or to prevent the escape of a suspected dangerous felon. Violation would call for a two to four-year prison term.

Set up a division of review in the Department of Corrections to sift out frivolous complaints and grievances of inmates and keep them from cluttering the courts with suits which are usually dismissed. A prisoner could appeal from the review board's decisions.

flame.

It may be trying to tell you something.

If the burners on your range are clean and properly adjusted, the gas should burn with a clear blue flame and a sharply defined inner cone. If there are traces of yellow, the burner holes may have become clogged with food particles and should be

cleaned. If the yellow persists, burner adjustment may be necessary.

Keeping your gas range operating efficiently improves its performance and saves gas—which saves you money. After all, why waste a good thing?

# The 1971 Least, Worst, Bottom All-Mediocre Dismal Awards

By RALPH NOVAK  
NEW YORK — (NEA) — Just about everybody connected with sports, except perhaps the Billings Mustangs' batboy, has already received some kind of Most, Best, Top, All-Star or Super award for what he did during 1971. Let us, then, take a look at some of the lesser awards, those that are more accurately characterized as representing the Least, Worst, Bottom, All-Mediocre or Dismal qualities of athletics.

The Norman Vincent Peale Power of Positive Thinking Award: to Chuck Tanner, manager of the Chicago White Sox, who, when the White Sox obtained Richie Allen in a trade, said, "Richie is a wonderful person and a good friend as well."

The Doris Day Goody Two Shoes Award: to all those NFL players who appeared on the antidrug spots telecast during football games. It is good to know that Gene Washington, Mike Lucci, John Brodie and all the rest of them have never taken any pep pills or pain-killers, or alcoholic drinks or anything nasty like that.

The Grantland Rice "It Isn't Whether You Win or Lose" Award: to Woody Hayes, Ohio State's football coach. As we all know, the main purpose of college sports is to build character and Hayes must have decided that the day his Buckeyes lost to Michigan this year was the time to give a character lesson in righteous indignation, since he went into the greatest tantrum of the post-Khrushchev era when an official's call went against his team. That, kids, is what is known as learning to accept defeat gracefully.

The Pat O'Brien Win One for the Governor Award: to Ronald Reagan, who said in a speech to the National Football Foundation and Hall of Fame that in football, "It's a hot, clean hatred for an opponent during a game. It's not a mean hatred." Those of you interested in seeing a cold, dirty, mean hatred will have to watch the political gridiron in California, or perhaps "Death Valley Days."

## Portrait Of a Queen

A hard subject to paint and please all her subjects, Queen Elizabeth has figured in past art circle tempests raised by portraits British critics deemed too modern, unflattering or otherwise not quite fitting. Her latest however, accentuates the traditional and is by an American artist—Joseph Wallace King of Winston-Salem, N.C. Unveiled in London, the King portrait, right, shows the queen in a soft blue gown and wearing a necklace once the possession of her great-grandmother, Queen Victoria, against a castle-crowned landscape. The North Carolina artist, who signs his paintings "Vinciata" and is known for an Italianate style featuring a castle symbol—in the queen's portrait it is Dover Castle—is pictured below with the subject of another of his portraits, which hangs in Duke University law school, the President's alma mater.

THE V. A. TITTLE No More Dandruff Award: to the members of the York (Pa.) suburban High School swimming team, who at the same time they were getting ready for the new season brought joy to barbers, high school team coaches and enemies of long-haired hippie radicals all over the country. Today the York High School swimming team, tomorrow Joe Namath and Pete Maravich.

ruled that for the state to build a \$200 million sports complex to house the Giants, among other things, is constitutional. In his decision, he said: "The exposure of more people to professional sport is of overriding public importance and for the public welfare." Ladies and gentlemen, this man could be the next commissioner of baseball.

The Howard Cosell Good Taste in Journalism Award: to Howard Cosell, for his response when broadcasting partner Don Meredith, who struggled through many exasperating seasons as a Dallas Cowboy said near the end of one of this season's Monday night TV games—"Well,

the William Shakespeare Award: to Mike Curtis of the Baltimore Colts. When a fan ran on the field and picked up the football during a nationally televised game, Curtis, a prime physical specimen and wearing all kinds of protective gear, gave one helluva hot, clean, cheap shot to the poor misguided fan.

The Ronald Reagan Hot, Clean Hatred Award: to Mike Curtis of the Baltimore Colts. When a fan ran on the field and picked up the football during a nationally televised game, Curtis, a prime physical specimen and wearing all kinds of protective gear, gave one helluva hot, clean, cheap shot to the poor misguided fan.

THE HENRY KISSINGER Political Football Award: to President Nixon. Other presidents have said such things as "We have nothing to fear but fear itself," "With malice toward none, with charity for all," "Ask not what your country can do for you" and "I will go to Korea," but nobody before Mr. Nixon has said that the country is like a football team. During a visit to the Washington Redskins' training camp, he said that a nation, like a football team, must remember that "when it's lost one, it doesn't lose its spirit." What this country needs is Johnny Unitas at vice president.

THE HENRY KISSINGER Political Football Award: to President Nixon. # Deaths

## MARY RAY

DEXTER -- Mary Alice Ray, 85, 417 Lester St., Poplar Bluff, died today at 12:20 a.m. at the Dexter Memorial hospital. She was born May 3, 1886 in Washington, Ind., and married Gardner Ray in 1902, he died in 1933.

Survivors include two sons, Dean Ray of Royal Oak, Mich., and Gordon "Bill" Ray of Poplar Bluff; five daughters, Mrs. Irene Wilkerson and Mrs. Ada McQuary, both of Dexter, Mrs. Doris Cain of Essex, Mrs. Ruth Marshall of Poplar Bluff, Mrs. Olive Mitchell of Ponca City, Okla.; one half brother, Cleo Stark of Indianapolis, Ind.; 25 grandchildren; 33 great grandchildren.

Services will be Wednesday at 2 p.m. at the Rainey funeral home with Rev. Delvis Roberts officiating. Burial in the Dexter cemetery. Visitation will begin Tuesday at 3 p.m.

## KARL MASK

MALDEN -- Services for Karl Larry Mask, 21, who died Thursday in an automobile accident, were today at the Boyd funeral home chapel at 2 p.m. with Rev. Johnnie Godard officiating. Burial was in the Memorial Park cemetery.

He was born March 2, 1950 in Malden. Survivors include his mother and father, John Dudley and Opal Azalee Strong Mask; two brothers, Charles Ray Mask of St. Charles and Carroll Dale Mask of Malden; six sisters, Edna Mask of Caruthersville, Glenda Fay Morrison of St. Ann, Wanda Lee May of the state of Colorado, Hazel Jean of the state of Arizona, Ruby Mask and Bonnie Sue Mask, both of Malden.

## SOPHIA MARTIN

BLOOMFIELD -- Sophia Ann Raker Martin, 87, Bloomfield, died Saturday at 1 p.m. at her home. She was born Oct. 19, 1884 in Bloomfield and had lived in Stoddard county most of her life.

She married James Raker Dec. 30, 1902. He died May 23, 1950. She then married Isaac Martin Nov. 21, 1952. He died Dec. 30, 1958.

She was a member of the Bible Tabernacle church of Bloomfield.

Survivors include four daughters, Mrs. Mildred Snider of Taft, Calif., Mrs. Mary Belle Kee of St. Louis, Mrs. Elizabeth Lamunyon of St. Louis and Miss Letha Raker of the home; one son, James Adams Raker of Twenty Nine Palms, Calif.; three step daughters, Mrs. Eva Wilson of Bloomfield, Mrs. Elsie Limbaugh of Adance and Mrs. Avis Hartnell of International Falls, Minn.; three stepsons, W. V. Martin of Poplar Bluff, Jesse

MacFarland of Hialeah; one son, James Pendergrass of Winston Salem, N. C.; three grandchildren and two great grandchildren.

Services will be Tuesday at 2 p.m. at the Landess funeral home chapel in Campbell with the Rev. James Marlar officiating. Burial in the Woodlawn cemetery at Campbell.

## ROBERT KING

MOREHOUSE -- Robert Arnie King, 70, died today at 2:30 a.m. in the Missouri Delta community hospital. He was born in Keota, Okla. Dec. 29, 1901 and was a member of the Morehouse Pentecostal church and the Masonic lodge.

He is survived by his wife, Mrs. Nettie King of the home, two daughters, Floye Davis of Lakeport, Calif., and Maxine Bless of Morehouse; one son, Truman King of Encinitas, Calif.; one sister, Trudy Moore of Hayfork, Calif.; seven grandchildren and one great grandchild.

The body is at the Watkins funeral home at East Prairie. Arrangements incomplete.

## HENRY HUTSON

OLMSTED, Ill. -- Henry Brandon Hutson, 61, formerly of East Prairie, died at 1:30 p.m. Sunday in St. Mary's hospital in Cairo.

He was born Feb. 10, 1910 in Kentucky. He had lived in Olmsted for the past six years and was a retired farmer.

Survivors include his wife, Fannie Mae Garrett Hutson; one daughter, Mrs. Hazel Fay Frazier of E. St. Louis; one son, Henry Herman Hutson of East Prairie; one stepson, Billy Joe Whitlock of Gravesville, Ill.; three step daughters, Mrs. Ruby Mae Greer of Benton, Ky., Mrs. Margaret Ellen Keil of Bone Gap, Ill. and Mrs. Sue Bryan of Pole, Mo.; two brothers, Waldon Hutson of Tampa, Fla. and Dub Hutson of St. Louis; three sisters, Mrs. Rosie Manning of East Prairie, Ill., Elouise Clapp of Collinsville, Ill. and Mrs. Willie Bone of Mound City; 15 grandchildren.

The body is at the Shelby funeral home at East Prairie. Arrangements incomplete.

## RAYMOND GRUDIER

PRESCOTT, Wash. -- Raymond D. Grudier, 62, died at 10 a.m. Saturday in Walla Walla.

He was born Oct. 17, 1909 in Osceola, Mo.

Survivors include one daughter, Mrs. Eddie Samuels of Walla Walla; two brothers, Randle Grudier of St. Louis, Mo. and George Grudier of Umanville, Mo.; and one sister, Mrs. Joe Gilbert of Charleston, Mo.

Services will be 2 p.m. Wednesday in Walla Walla with burial in a local cemetery.

## ORA LUMSDEN

MATTHEWS -- Mrs. Ora B. Lumsden, 76, died at 3 p.m. Sunday in the Bertrand Retirement home. She was born Nov. 23, 1895 in Obion county, Kentucky.

She came with her parents, B. F. and Dora Wilmoth, to Southeast Missouri at the age of 12 and lived for several years in the Landers Ridge community.

She married Charles Lumsden June 30, 1914. He died March 1954.

She is survived by four sons, Nelson Lumsden of Canolau, Harold Lumsden of Essex, Don Lumsden of Sikeston and Larry Lumsden of Chaffee; one brother, Glen Wilmoth of Bertrand; eight grandchildren and three great grandchildren.

Services will be conducted at 2:30 p.m. Tuesday in the Nunnelee Chapel with Rev. Clyde McCollum officiating. Burial in the Sikeston city cemetery.

Pallbearers will be Dr. William C. Critchlow, Donald Story, Frank Stanley, Lester King, Cliff Reed and Dickie Bethune.

## MRS. JOHN MEAD

CHARLESTON -- Mrs. John Mead, 64, 405 N. Johnson, died at her home at 6 p.m. Saturday the result of a heart attack.

She was born Aug. 29, 1907 in Caruthersville. A resident of Charleston most of her life, she was a member of the Nazarene church. On July 10, 1929 the former Dixie Mae Brown, she married John Mead, who survives.

Other survivors include one son, Carl Lee Mead stationed in Thailand; two daughters, Mrs. Orville Wilson of Marianna, Ark. and Mrs. Imogene Creasey of Memphis, Tenn.; one step daughter, Mrs. Virgilina Smith of Buchanan, Mich.; two sisters, Mrs. Eula May Nicholson of Caruthersville and Mrs. Bessie Marie Mize of Edenton, N.C.; 13

## WILLIAM PITTS

CARRSVILLE, Ky. -- William Lewis Pitts, 64, died suddenly at his home Sunday at 5 p.m. the result of a heart attack.

He was a retired electric lineman and was a former Morehouse, Mo. resident. He was born Nov. 22, 1907 in Wellington, Kan., the son of the late Williams Lewis and Jolie Jordan Pitts.

He is survived by his wife, Ulah Newton Pitts of the home; one son, Robert L. Pitts of Frankfort, Ind.; three grandchildren.

The body is at the Watkins funeral home in Morehouse where services will be conducted at 2 p.m. Tuesday with the Rev. A. C. Sullivan of Morehouse officiating. Burial in Memorial Park cemetery in Sikeston.

## HERBERT DEASON

EAST PRAIRIE -- Herbert Deason, died at 10 a.m. today in the Missouri Delta Community hospital.

Te body will be brought to McMikle funeral home in East Prairie.

## grandchildren and two great grandchildren.

The body is at the McMikle funeral home in Charleston where services will be held at 2 p.m. Tuesday with the Rev. James Rupert, pastor of the Nazarene church officiating. Burial in the IOOF cemetery.

## WILLIS PARR

BERTRAND -- Willis Edward Parr, 45, died Sunday in the West Jefferson General hospital in New Orleans of a heart attack.

He was born Aug. 15, 1926 in Wyatt. He was employed as an engineer by the Houghland of Paducah, Ky. and was a veteran of World War II serving with the army.

Surviving are his parents, Mr. and Mrs. Arthur Parr of Bertrand, three sons, Eddie and Larry Parr, both of Brookport, Ill., Darrell Parr of Reno, Nev.; one daughter, Mrs. Rick Lawton of Ozark, Ala.; two brothers, Charles and George Parr, both of Bertrand; six sisters, Mrs. Don Dykes of Ste. Genevieve, Mrs. Edward Heckert, Mrs. Paul Wise, Mrs. Charles McKinley, Mrs. J. D. Bearden, and Mrs. Nancy Chappell, all of Bertrand; two grandchildren.

The body is being returned to the McMikle funeral home in Charleston. Arrangements are incomplete.

## Grain Market

CHICAGO (AP) -- Wheat futures displayed some firmness in early dealings on the Chicago Board of Trade today, but other grains and soybeans were weak.

On the opening, wheat was 1/4 to 1/2 cent a bushel higher, March 1.66 1/4; corn was unchanged to 1/4 lower, March 1.21 1/8; oats were unchanged to lower, March 76 7/8 cents and soybeans were 1/8 to 1 1/4 cents lower, March 3.15.

No. 1 Cont. from page 1.

\$57 million from 1972. A \$31-million increase to \$221 million was requested for National Heart and Lung Institute programs. A 50-per-cent increase, to \$50 million, was asked for sickle-cell anemia.

Consumers

A 70-per-cent jump, amounting to \$70 million, in outlays for the Food and Drug Administration is the only big change in Nixon's proposed spending for consumer protection.

The FDA would get \$179 million for all its activities, including a watch on 80,000 food plants, intensified surveillance of fish products, a review of patent medicines and more intensive screening of medical devices and potentially hazardous household products.

## TV'S Taken

CHARLESTON -- Sam's T-V on West Marshall Street was entered sometime Friday night and two portable televisions and one 18-inch knife were reported taken. A window in the west end of the building was broken out to gain entry.

The break-in was discovered by the owner Donald Sam when he opened for business Saturday morning. No arrests have been made. The city police are investigating.

## Three Charged Local Stocks

CHARLESTON -- Three men are being held in Mississippi county jail and charges of breaking, entering, and stealing are expected to be filed today.

The men are accused of the Friday night break-in at DeLine's Gun and Sports Shop, 205 W. Commercial, where six antique guns were taken.

Patrolman Kirk Durbin discovered the break-in at 8:13 a.m. Saturday morning during routine patrol. Entrance was gained by breaking out a glass front door.

Larry Edwards, 22, of Chicago Heights, Ill., was arrested at 1 a.m. Sunday at the home of Theoda Kirkwood of rural Charleston. Two of the guns were found in the trunk of a stolen 1969 Buick.

Lt. Robert Smith of the police department said Edwards used the name of Larry Edward Johnson when he was treated at the Missouri Delta Community hospital for cuts on the right hand.

Chicago Heights authorities have two active warrants out on Edwards, one for auto theft, and the other for breaking, entering, and stealing in the Chicago area.

Jimmy Johnson, 17, of Charleston, and J. C. Watts, 17, of Charleston, were both arrested shortly about 2 a.m. Sunday and two guns were found at the Johnson home.

Two of the stolen guns reportedly have been sold in Kentucky.

## Dole Proposes Bipartisan Panel To Probe War Conduct

Attacking the "present crop of Democratic hopefuls" for their past positions on Vietnam, the chairman of the Republican National Committee has proposed a bipartisan congressional committee to investigate the causes and conduct of the war.

"The American people have had enough rumors, enough leaks, enough 'inside stories,' enough lies," Sen. Robert Dole of Kansas said today. "The American people want the truth. It is time the Congress showed them the respect they deserve and give them the truth."

Dole said in remarks prepared for the professional staff conference in Washington for Republican campaign leaders that he will propose a resolution for a special committee to find out the truth about the war.

"As American troop strength in Vietnam grew and grew through the mid-60s, today's critics of the war were loyally supporting the policies of the war party," Dole said, naming Democratic Sens. George McGovern of South Dakota, Edward M. Kennedy of Massachusetts, Edmund S. Muskie of Maine and Hubert H. Humphrey of Minnesota.

McGovern, Muskie and Humphrey are campaigning for the presidency. Kennedy has said he is not a candidate.

"Self-righteous denunciations are not going to make anyone forget that McGovern and Humphrey and Muskie and Kennedy and the rest of the tribe backed the effort to put this nation into Vietnam right up to the hilt, to the tune of 55,000 American

lives, hundreds of thousands of Vietnamese lives, and the destruction of the independent political structure of South Vietnam," Dole said.

Meanwhile, McGovern and new Democrat John V. Lindsay were competing for Florida's black vote after McGovern accused Lindsay of ignoring party guidelines on campaign spending. The state's presidential primary is March 14.

Charles Evers, mayor of Fayette, Miss., was on hand to support Lindsay and was scheduled to give his endorsement to Lindsay during a rally at predominantly black Florida A&M University in Tallahassee.

McGovern headed for Miami, St. Petersburg and Orlando after a Thursday night speech at Bethune-Cookman College, a mainly black school at Daytona Beach.

Meanwhile, Los Angeles Mayor Sam Yorty said he would not be a candidate in the Florida contest and would go to court if necessary to have his name removed from the ballot.

Yorty's campaign manager, Sam Bretzfeld, said the mayor's name "was put on the ballot over his objections because supporters of Edmund Muskie and Hubert Humphrey are scared to death of George Wallace and want someone to split the conservative vote."

On Thursday, McGovern said in Tallahassee that Lindsay failed to sign a pledge established by the Democratic National Committee for limits on television and media expenses.

## Army To Move Toward Tougher Basic Training

FT. MONROE, Va. (AP) — The commanding general of the Continental Army Command says the U.S. Army is "going back to an austerity in living conditions we consider more compatible with basic combat training" for new recruits.

"Our new program will be physically tougher," Gen. Ralph E. Haines told a news conference Thursday, because he is convinced that "many young men entering the Army have thought basic combat training was not tough enough; there was a sense of disappointment."

Among the things to be

dropped, said Haines, are beer vending machines in barracks and mess halls and the elimination of private cubicles in favor of long, bare barracks.

Haines' command operates 13 training centers and 23 schools.

Asked whether he thought the tougher program would have an adverse effect on the all-volunteer Army program, Haines replied:

"Just the opposite. The volunteer wants challenge. He looks to challenge. He wants retention of individual dignity, but he is not looking for a physically easy profession."

## Any size fits.

U.S. Savings Bonds come in a lot of sizes. So do people.

But unlike other gifts, you don't have to match the size of the Bond to the size of the person.

Any size fits. That's what's so beautiful about Savings Bonds. There's no guessing. No worry.

And no matter what size Bond you give it's a very personal gift. After all, you're helping a person with his future and that shows you care a lot.

Give U.S. Savings Bonds. The gift idea that always fits.

Bonds are safe. If lost, stolen, or destroyed, we replace them. When needed, they can be cashed at your bank. Tax may be deferred until redemption. And always remember, Bonds are a proud way to save.

## Railroad Technology: The Computer

A tall, slender man in evening clothes doffs his silk hat, revealing patent leather hair, and smiles negligently at a fierce tiger bounding murderously toward him.

The man gestures hypnotically ...

And the tiger is transformed into a confused, frightened kitten, which scurries away.

The man, of course, is Mandrake—that old comic strip favorite. What he does is magic.

A short, stout man in shirt-sleeves runs a hand through his thinning hair and inserts into a computer a card bearing the characteristics of a troublesome problem.

He presses a button ...

And the computer produces information that transforms the problem into a deed that is as good as done.

The man is a computer operator. What he does isn't magic, but it sometimes seems to be.

There's a lot of such seeming magic in today's business world -- and especially on America's railroads.

Basically, it's an electronic magic, and a large portion of its secret lies in imaginative use of computer technology for an ever-broadening number of railroad jobs.

**EARLY USES LIMITED**

In railroads, as in most industries, computers were once used mainly in the accounting department -- for payrolls, personnel records and the like. They are still useful there, but this is no longer the major contribution of computers to the railroad industry.

One of the early steps out of the accounting department was the development, in 1968, of the Universal Machine Language Equipment Register (UMLER).

UMLER is a magnetic tape file maintained at the AAR's headquarters in Washington. As the name implies, it is a register of railroad equipment, translated into machine language for easy use by computers.

Some individual railroads had equipment registers before the establishment of UMLER, but the central file was the first to give the industry the ability to analyze the entire North American freight car fleet by any one of its attributes or any combination of attributes.

In addition, UMLER forms the data base for two other industry-wide programs -- TRAIN and ACI.

**TRAIN** (Tele-Rail Automated Information Network) is a program designed to help railroads in their efforts to improve car distribution. A central computer at AAR headquarters "calls" computers at railroads around the country to receive reports on car interchanges.

In ACI (Automatic Car Identification), trackside scanners "read" color-coded labels attached to the sides of freight cars -- the labels identifying the car and its ownership and providing other data. The information is then transmitted to a computer for storage and subsequent retrieval as an aid in car location.

Although ACI is not yet in full operation, scanners are in use in many locations -- including some classification yards.

The industry-wide systems, of course, operate in support of the highly sophisticated computer-based systems maintained by individual roads.

**STILL INFORMATION ORIENTED**

Except for some fairly recent innovations in railroad classification yards, where computers operate retarding devices to regulate the speed of gravity-propelled freight cars, the railroad industry's use of computer technology is still largely information-oriented -- as opposed to the development of programs to automate railroad operations.

In fact, one of the newest programs in the industry is one in which a top-level task force has been named to study the creation of a national car information system, which would help the industry keep track of its two-million car continental fleet.

Since all the individual railroads have their own car location setups, the task force would seek ways to use data generated by those systems for industry-wide purposes.

Another sort of information is the "what if" variety. Very often, a railroad management will wish to know the probable effects of a contemplated change in operations before the change is made.

The answer is simulation on a computerized railroad network model.

Here, again, many individual railroads had, in the past, used computer models. But it wasn't until 1971 that there was an advanced model -- adaptable to several different computer setups -- available to the whole industry.

**SPECIAL COMMUNICATIONS NEEDS**

Information -- whether gathered by computer or by individuals -- has only limited value if it cannot be widely disseminated. And railroads -- with "plants" covering thousands of miles -- have special needs in this area.

So it is not surprising that communications systems -- often operated in conjunction with computer systems -- are important features of the electronic revolution on the railroads.

The railroad industry thus operates the largest private microwave communications system in the world. Facilities are integrated, flexible and reliable. They're maintained nationwide and across Canada.

By making reams of statistical data available in ample time to be useful, microwave radio facilities meet an urgent need in railroad communication. The stalk-like towers provide hundreds of channels -- or conversations -- on one beam at a low per-circuit-mile cost.

Facsimile -- the reproduction of an original document at a distant point -- is used to transmit waybills via microwave from the originating freight yard to a central accounting or car service office.

Still another electronic development on the railroads is CTC -- Centralized Traffic Control -- which enables an operator seated at a remote terminal to "see" and direct traffic on hundreds of miles of railroad track.

## Nightly Airlifts Swell Exodus Of Soviet Jews

TEL AVIV (AP) — Nightly airlifts from Vienna to Lod airport outside Tel Aviv are swelling the immigration of Jewish families from the Soviet Union to Israel from a trickle to a flood.

Israeli immigration officials predict as many as 40,000 Soviet immigrants each carrying only the equivalent of \$100 and a crate of belongings for each family -- may move to Israel this year. December recorded 3,000, and the January figure promises to be the same.

The mass immigration poses huge financial and housing problems, but Premier Golda Meir summed up the Israeli government's attitude toward the newcomers when she said, "I pray for a million such problems."

Moscow has threatened to swamp Israel with immigrants, Finance Minister Pinhas Sapir told the world Zionist Congress in Jerusalem, but "we shall receive this flood gladly."

"Never has such a mighty state menaced such a tiny nation with such a threat -- a threat which is received with the fervent hope that it will be implemented," Sapir declared.

Israel wants manpower, whatever the cost, to strengthen the population of 2 1/4 million Jews.

The Soviet Union, with a Jewish population estimated at three million, could become a major source of manpower. Russian immigrants stepping off the jumbo jets this week said they had almost no trouble getting exit permits.

Israel absorbed 690,000 immigrants during 1968-69. It anticipates in 1972 in addition to the Russians 10,000 Jewish settlers from North America, 5,000 from South America and 15,000 from East Europe and other regions.

The Russian newcomers are poor. The Jewish Agency treasurer, Leon Dulzin, estimates "it costs \$26,000 to absorb every family of four Russians in Israel."

The money goes for the immigrants' transportation to Israel, housing, education, social welfare and health services.

Housing is the biggest challenge.

Recent Russian immigrants have grumbled about being offered housing in remote development areas. They want to live near the bright lights of Tel Aviv or the cultural lures of Jerusalem.

Some Israelis assert so much is being spent on immigrants that not enough is left to rebuild slum areas or provide apartments for young couples after they have served in the army.

The Russians, some of them with academic skills they cannot use in Hebrew-speaking Israel, are bewildered by their new homeland.

"The government doesn't send me customers the way the government did in Russia," complained an immigrant tailor. One newcomer from Samarkand refused to get on a bus to Haifa because he didn't have a travel permit -- and wouldn't believe travel permits do not exist in Israel.

Are too many Americans "setting it up" so that almost no high public officeholder can satisfy them?

Read the demands, or complaints, of voters interviewed in surveys and you find a good proportion pulling all the stops.

A fairly typical comment:

"He (Muskie, Humphrey, Lindsay, Jackson, etc.) won't do. He hasn't come up yet with a believable plan to end all war, wipe out poverty, rebuild the cities, provide full and effective health care, improve social security and obliterate racism."

More than once in these columns I have tried to lay it on politicians -- especially the more ardent liberals -- for over-promising. They are big with the sweeping arm gestures that take in the universe.

Not only are the promises monumental, but the money needed to bring them to fulfillment is nearly beyond sensible calculation.

The larger dimension is, of course, that they think people want to hear these incredible pledges. And, said to say, many of them do.

Again, then, such people are fixing it so government is bound to fail. There is no way, no way at all, for even the most remarkable president in our history to do much more than chip away with an ice pick at the solid glacier of our accumulated difficulties.

We used to hear often in the 1950s and 1960s that we were in the Age of Rising Expectations. It seemed a wise and proper and cheerful thing to say. Why should not all peoples aspire to betterment? Why should we not kindle their hopes?

But some of our public figures have taken this past reasonableness. Both at home and abroad, we are into the Age of Inflated Expectations. The world's poor have been led to believe that they can be lifted to planes of affluence in a few quick strokes of effort. In our own land, the disadvantaged have come to feel there need be no waiting for even the grandest dreams.

Where does it begin, with the overpromisers or the overexpecters?

You can argue, as some do, that America is itself an overpromise -- that the ease of its great riches has always led millions to expect much more than even they could deliver in human satisfactions.

Probably some politicians, at least, have taken their cue from this. They have bespoken the glory of the dream, convinced obviously that this was what many Americans wanted to hear. The corollary, inevitably, was that bad news, limited promises, ordinary visions could not be offered.

As a people, we should by now have seen the folly in this course. Dreams, like everything else, have their price. Things gained too easily at the outset cost much more later. America's resources are running thin. The social burdens of pollution and ravaged land are mounting.

Some of this seems to be dawning on us. But full awareness has not taken hold. Dreamers still abound, reinforced by some young folk who heighten the fantasy that nothing need be waited for.

Yet our leaders are supposed to be our wise guides. If they are overpromisers, as some of them surely are, then they are cruel deceivers. THEY must know better.

On the threshold of 1972, America still is rich in the substance of good living. Its people have great qualities. But there needs to be less fanciful dreaming and more hard effort, more payment on the high price of great dreams.

**Hospital Bills Hit Citizens**

In his 1971 health message to the nation, President Nixon underlined a growing crisis facing every American family. He said, "Since 1960, medical costs have gone up twice as fast as the cost of living. Hospital costs have risen five times as fast as other prices. For growing numbers of Americans, the cost of care is becoming prohibitive and even those who can most afford care may find themselves impoverished by a catastrophic medical expenditure."

The worst apparently has yet to come, according to the Secretary of Health, Education and Welfare. A 50% hike in medical expenses is predicted by 1975.

To meet escalating medicine costs, many families are taking advantage of low-cost health plans sold through the mails.

One of these companies is the National Home Life Assurance Company, which will offer its \$500 a month tax-free cash plan to our readers through an advertisement in this issue of the Daily Standard.

## Couple Given Sum For Area

ST. LOUIS (AP) — A Sullivan, Mo., couple has been awarded \$27,500 for property in the area of the Meramec Park Reservoir project, nearly three times the amount offered by the federal government.

The judgment for William A. and Dorothy D. Richards was returned Monday by a jury in the court of U. S. District Judge John Regan. They own 84 acres at the boundary intersection of Franklin, Crawford and Washington counties, where the main dam is to be built.

Theirs was the first of several cases in which owners have gone to court to get more than the appraised prices offered by the U. S. Army Corps of Engineers.

Maurice Harris, assistant U. S. Attorney in charge of the Land Claims Section at St. Louis, said the Richards argued their property was worth more than the \$9,750 appraisal based on what neighboring properties sell for. They lease part of their property to Charles Schatz, who runs a gravel dredging operation.

Harris said one other case was started Tuesday, involving the property of George A. and Girth A. Sienland of Route 4, Sullivan. And at least three more are pending, he said.

The project is for flood control and development of recreational facilities for the Meramec River Valley, southwest of St. Louis. But citizen opposition has formed. A group called Citizens Committee to save the Meramec, which held a meeting last Sunday, has been circulating petitions to pressure elected officials into cutting off further appropriations for the project.

The Soviets are now only beginning to catch up in the number of missile-firing submarines. The prospect of a new weapon like ULMS in the U.S. arsenal could put Moscow at an even greater disadvantage.

The new defense budget, due to go to Congress Monday, requests more than \$900 million to improve the U.S. sea-based deterrent force, Nixon said.

Pentagon sources said most of it will go for ULMS -- a ninefold increase over last year's spending. A fleet of these weapons ultimately would cost more than \$15 billion.

## Missile-Firing Sub Order May Be Bid To Prod Soviets

WASHINGTON (AP) — President Nixon's order to speed development of a new generation of deadlier, missile-firing submarines appears aimed at keeping the upper hand while prodding the Soviet Union toward an undersea-weapons curb agreement.

"Even as we seek with the greatest urgency stable controls on armaments, we cannot ignore the fact that others are going forward with major increases in their own programs," Nixon said in his State of the Union address Thursday.

It was a clear signal to the Soviets that the United States is prepared to build a new undersea-launched missile system (ULMS) unless a satisfactory agreement is worked out in the strategic arms limitation talks in Vienna.

While progress has been reported in efforts to limit U.S. and Soviet antiballistic missile systems and land-based offensive missiles, SALT negotiators are said to be deadlocked over Moscow's refusal to restrict undersea missiles.

All this, Nixon said, will mean a bigger defense budget in fiscal 1973. The President gave no figure, but it is expected to total nearly \$80 billion, up about \$4 billion over last year's military requests.

Nixon disclosed that the budget also allocates a \$2-billion increase for the Navy, mostly for new ships.

As for the draft, Nixon predicted draft calls in 1972 "will be significantly lower" than the 98,000 in 1971. And, he added, "I am confident that by the middle of next year we can achieve our goal of reducing draft calls to zero."

Q—What is the most universal method of propagation?

A—Growing plants from seeds. It is also the least expensive.

Q—Who was the first filly to win the Kentucky Derby?

A—Only one filly ever won the Derby—Regret in 1915.

Q—What are the fastest rapids which have ever been navigated?

A—The Lava Falls on the Colorado River.

Today In U.S. History

By THE ASSOCIATED PRESS  
Today is Monday, Jan. 24, the 24th day of 1972. There are 342 days left in the year.

Today's highlight in history:

On this date in 1665, Sir Winston Churchill, one of England's greatest statesmen, died at his home in London at the age of 90.

On this date:

In 1848, James Wadsworth found a gold nugget in California's Sierra Nevada. The discovery touched off the California gold rush.

In 1898, the battleship Maine was ordered to Havana, Cuba.

In 1908, the first Boy Scout troops were organized by Sir Robert Baden-Powell in England.

In 1915, the British defeated the Germans in a World War I battle off Dogger Bank in the North Sea.

In 1924, Petrograd was renamed Leningrad in honor of the founder of the Soviet Union.

In 1946, the U.N. General Assembly voted to create a U.N. Atomic Energy Commission.

Ten years ago: It became apparent, at a meeting of the Organization of American States, in Uruguay, that it would not be possible to get a majority vote for collective sanctions against Cuba.

Five years ago: Premier Ky of South Vietnam ran into a wild antiwar demonstration on a visit to New Zealand.

# "I urge you to send 25¢ now to protect your family with this \$500 a month extra cash plan"

*Art Linkletter*

For first month's protection, mail Enrollment Form with 25¢ to get up to  
**\$500 a month tax free cash**  
when you go to the hospital  
**You collect at the rate of...**

## \$500 a month cash

when you require hospital care... for each accident or illness, when you have Coverage for Children—no matter how long the confinement may be. Coverage for accidents begins the very first day in the hospital; sickness coverage begins the sixth day.

## \$250 a month cash

If you're 65 or over, for the first 3 months of hospitalization. This money is paid directly to you in addition to Medicare or any other coverage you may already have. After 3 months, if you are still in the hospital, you then receive...

## \$500 a month cash

thereafter—in addition to Medicare benefits—even for life, if necessary. Coverage for accidents begins the very first day in the hospital; sickness coverage begins the sixth day.

## \$300 a month cash

when your child goes to the hospital for any accident or illness, when you have Coverage for Children—no matter how long the confinement may be. Coverage for accidents begins the very first day in the hospital; sickness coverage begins the sixth day.

## \$500 a month cash

for maternity benefits when Coverage for Children and Maternity Benefits have been added to the basic plan.

## \$400 a month cash

for a registered nurse at home if your doctor has you hire one within five days following a covered hospital confinement of five days or more for as long as you were hospitalized — up to one year.

## UP TO \$2,000 cash

for complete accidental loss of limbs or eyesight. If you suffer complete loss of a hand or foot or the sight of an eye within 90 days of the accident, you collect \$1,000—and \$2,000 for the loss of two limbs or the sight of both eyes.

## \$2,000 a month cash

\$1,000 a month for you—and \$1,000 a month for your spouse...when an accident hospitalizes covered husband and wife at the same time. Yes, you collect \$2,000 A MONTH in all (when under 65) while both are in the hospital—even for life.

## We pay all premiums

that come due for you and all covered members of your family should you — the policyowner — be hospitalized for eight consecutive weeks or more. And you don't have to pay us back.

## We guarantee never to cancel your protection

no matter how many claims you have... or how old you become... or for any reason whatsoever. Only you can cancel.

## We guarantee never to raise your low rates

because of how old you become... or how many claims you have... but only if there is a general rate adjustment on all policies of this class in your entire state.

## Dear Friend:

You know me. I wouldn't recommend anything I didn't honestly believe in. And I think National Home's \$600-a-month plan is just about the best additional financial protection you can give your family — especially in these days of rising medical costs.

That's why I'm happy to give this plan my wholehearted endorsement.

I've looked over the policy very carefully. I've made a point of getting to know some of the folks at National Home. And you won't find more decent, friendly people to deal with. I've seen the way they handle claims, too — quickly and generously. Believe me, when you need them, they'll be there to help you.

That's why I cannot imagine anybody passing up the chance to enroll in this health plan — especially when the first month's protection costs only 25¢.

We all know what a terrible thing it is to be hospitalized. But what a relief it is to know there's tax-free cash coming in when you need it most! Take my advice. Send the enrollment form now — before you forget.

Sincerely,

*Art Linkletter*  
Art Linkletter

**NO AGE LIMIT • NO MEDICAL EXAM TO ENROLL • NO SALESMAN OR AGENT WILL CALL**

OVER 30 million people will be admitted to a hospital this year! It could be you—or some beloved member of your family—tomorrow... next week... next month. Sad to say, very few families have anywhere near enough coverage to meet today's soaring hospital costs. These costs have more than doubled in just a few short years.

Stop for a moment. Think how much a long stay in the hospital will cost you or a loved one. How would you ever pay for costly, but necessary, X-rays, doctor bills, drugs and medicines? What would you do if your pay check stopped, but living expenses kept going on the same as ever? The same rent, phone, food, all the day-to-day expenses that never stop.

What is the average breadwinner to do? We believe we have the answer in this National Home plan.

Pays you \$500.00 a month tax-free cash when you are hospitalized.

Now you can have \$500.00 cash coming in every month—beginning the very first day you enter the hospital due to an accident, and the sixth day for confinements due to sickness. You collect \$500.00 a month, even for life, if necessary.

The cash is paid directly to you in addition to whatever you may receive from your insurance with any other companies. Use the money as you see fit—for hospital or doctors' bills. To replace savings or cover household expenses. Every dollar is tax-free.

How much does \$500.00 a month protection cost you? Only 25¢ covers you and your entire family for the first month. After that you may continue at our regular low rates.

Pays you \$300.00 a month cash when any unmarried dependent child is hospitalized.

When you choose Coverage for Children, this National Home plan pays you at the rate of \$300.00 a month cash when one of your children is hospitalized. Pays for as long as necessary! Children are covered for accidents from the first day and for sickness from the sixth day.

Pays you at the rate of \$500.00 a month for Maternity Benefits!

If both husband and wife are insured for the entire period of pregnancy (and have added Coverage for Children and Maternity Benefits), you get tax-free cash to use any way you want. Yes, if a pregnancy, childbirth or even miscarriage puts you in the hospital for one day, five days, ten days—as long as necessary—you get cash benefits for every day of your confinement.

Pays you \$400.00 a month cash for a Registered Nurse at Home.

How comforting it is to know that—after your stay in the hospital, if you've been there five days or more for which you received benefits—you can return home to recuperate and yet not be a burden to your loved ones. If your doctor has you employ a full-time registered nurse within 5 days after you come home, we'll pay you benefits at the rate of \$400.00 a month. And your benefits continue for the same number of covered days that you were in the hospital—even up to 12 full months.

## Double Cash Accident Benefit.

When you and your insured spouse are hospitalized at the same time for an accidental injury, this National Home plan pays each of you DOUBLE CASH. \$1,000.00 a month apiece. That's \$2,000.00 in cash payments every month (when under age 65) starting the day you enter the hospital for as long as you both remain there.

## Waiver of premium benefit.

After 8 continuous weeks of confinement, your premiums that come due are taken care of by National Home. And your protection continues just the same as if you were paying the premiums yourself.

National Liberty  
Commended in  
the U.S. Congressional Record

National Liberty Corporation, parent of National Home Life Assurance Company, has been commended in the United States Congressional Record for bringing low-cost insurance to the general public: "With the highest public interest at heart, the National Liberty Corporation group of companies combines reliability and quality of service with noteworthy price advantages. It is to be commended on its leadership and vision in this field of human welfare."

## 65 or over?

### You collect benefits in addition to Medicare!

We have designed this plan as a valuable addition to whatever is paid by Medicare—or health insurance you may have with other companies. Regardless of the coverage you already have, National Home pays you at the rate of \$250.00 a month for the first 3 months, and \$500.00 monthly while hospitalized thereafter. Coverage for accidents begins the very first day in the hospital. Sickness coverage begins the sixth day. Both coverages continue for life, if necessary.

### These are the only exclusions!

Your National Home policy covers every kind of sickness or accident except conditions caused by: war, or any act of war; any mental disease or disorder; pregnancy, except as provided under the Maternity Benefit provision; and any sickness or injury you had before your policy Effective Date... during the first two years only. You will be covered for care in any hospital, except a nursing or convalescent facility.

### Nationally known and respected.

This is the kind of outstanding protection you may have seen in *Reader's Digest*, *Parents*, *National Geographic* and other leading publications. The special plans offered by National Home are today helping policyowners in 46 states—and many foreign countries—paying benefits on an average of ONE MILLION DOLLARS a month. In addition, our Company has a RECOMMENDED rating from *Best's Insurance Reports*, one of the foremost insurance authorities in the nation.

### Fast, Reliable Claim Service.

"We were most happy with the prompt way that you sent us the claim forms when requested. Your check for the week my husband was in the hospital was received within ten days. Thank you so much — it really helped in a time of need."

Mrs. ROBERT H. ROBINSON, Miami, Fla.

"I took out the policy and had only paid two monthly premiums when I was unexpectedly put in the hospital. Was there 11 days and the National Home Life Assurance Company paid exactly what they had said they would. How happy we were we had taken the policy out."

DEWEY M. FAIOR, Upper Sandusky, Ohio

Why you must act before the date shown on your Enrollment Form — just a few days from today.

Why do we give you so little time to enroll in this plan? Because this is a limited enrollment offer, we can open the enrollment only during a limited time period—with a firm deadline date for everyone. To provide you with this broad coverage at these rates, we must receive your Enrollment Form during the same period as all the others.

### Here are your low rates.

The following chart shows how little it costs after the first month, to cover yourself, your spouse or any adult dependent. Naturally, at these low rates, we can issue you only one policy of this type. Each adult, 16 or over, pays the rate shown for his or her age.

Age at Enrollment	Monthly Premium per Adult
16-44	only \$2.95
45-49	only \$3.40
50-54	only \$3.75
55-59	only \$4.35
60-64	only \$5.00
65-69	only \$5.55
70-74	only \$6.65
75-79	only \$6.65
80-84	only \$6.65
85 and over	only \$6.65

Only \$1.55 more per month covers all your unmarried dependent children... from the age of 1 month through 18 years. Newborn children are covered automatically at the age of one month—at no additional cost! And then, if you wish, just add \$1.15 monthly to that, and you're covered for Maternity Benefits, too!

NOTE: The regular monthly premium shown (for age at time of enrollment) will not automatically increase as you pass from one age bracket to the next. Once you have enrolled in this National Home plan, your rate can never be changed because of how much or how often you collect from us—or because of advanced age—but only if there is a general rate adjustment, on all policies of this class in your entire state.

Act now—"later" may be too late! Send just 25¢ for first month's coverage.

TIME IS PRECIOUS! Act quickly. (No salesman will call.) Get your Enrollment Form into the mail today—because once you suffer an accident or sickness, it's TOO LATE to buy protection at any cost. That's why we urge you to act today—before the unexpected happens.

## Money-Back Guarantee

We will send your National Home policy by mail. Examine it carefully. If you decide that you don't want to continue as a member of this plan, return the policy within 15 days of the date you receive it, and we will promptly refund your money.

# Deaths

## MARY RAY

DEXTER -- Mary Alice Ray, 85, 417 Lester St., Poplar Bluff, died today at 12:20 a.m. at the Dexter Memorial hospital. She was born May 3, 1886 in Washington, Ind., and married Gardner Ray in 1902, he died in 1933.

Survivors include two sons, Dean Ray of Royal Oak, Mich., and Gordon "Bill" Ray of Poplar Bluff; five daughters, Mrs. Irene Wilkerson and Mrs. Ada McQuary, both of Dexter, Mrs. Doris Cain of Essex, Mrs. Ruth Marshall of Poplar Bluff, Mrs. Olive Mitchell of Ponca City, Okla.; one half brother, Cleo Stark of Indianapolis, Ind.; 25 grandchildren; 33 great grandchildren.

Services will be Wednesday at 2 p.m. at the Rainey funeral home with Rev. Delvis Roberts officiating. Burial in the Dexter cemetery. Visitation will begin Tuesday at 3 p.m.

## KARL MASK

MALDEN -- Services for Karl Larry Mask, 21, who died Thursday in an automobile accident, were today at the Boyd funeral home chapel at 2 p.m. with Rev. Johnnie Godair officiating. Burial was in the Memorial Park cemetery.

He was born March 2, 1950 in Malden. Survivors include his mother and father, John Dudley and Opal Azalea Strong Mask; two brothers, Charles Ray Mask of St. Charles and Carroll Dale Mask of Malden; six sisters, Edna Mask of Caruthersville, Glenda Fay Morrison of the state of Colorado, Hazel Jean of the state of Arizona, Ruby Mask and Bonnie Sue Mask, both of Malden.

## SOPHIA MARTIN

BLOOMFIELD -- Sophia Ann Raker Martin, 87, Bloomfield, died Saturday at 1 p.m. at her home. She was born Oct. 19, 1884 in Bloomfield and had lived in Stoddard county most of her life.

She married James Raker Dec. 30, 1902. He died May 23, 1950. She then married Isaac Martin Nov. 21, 1952. He died Dec. 30, 1958.

She was a member of the Bible Tabernacle church of Bloomfield.

Survivors include four daughters, Mrs. Mildred Snider of Taft, Calif., Mrs. Mary Belle Kee of St. Louis, Mrs. Elizabeth Lamunyon of St. Louis and Miss Letha Raker of the home; one son, James Adams Raker of Twenty Nine Palms, Calif.; three step daughters, Mrs. Eva Wilson of Bloomfield, Mrs. Elsie Limbaugh of Adance and Mrs. Avis Hartnell of International Falls, Minn.; three stepsons, W. V. Martin of Poplar Bluff, Jesse

MacFarland of Hialeah; one son, James Pendergrass of Winston Salem, N. C.; three grandchildren and two great grandchildren.

Services will be Tuesday at 2 p.m. at the Landess funeral home chapel in Campbell with the Rev. James Marlar officiating. Burial in the Woodlawn cemetery at Campbell.

## ROBERT KING

MOREHOUSE -- Robert Arnie King, 70, died today at 2:30 a.m. in the Missouri Delta community hospital. He was born in Keota, Okla. Dec. 29, 1901 and was a member of the Morehouse Pentecostal church and the Masonic lodge.

He is survived by his wife, Mrs. Nettie King of the home, two daughters, Floye Davis of Lakeport, Calif. and Maxine Bless of Morehouse; one son, Truman King of Encinitas, Calif.; one sister, Trudy Moore of Hayfork, Calif.; seven grandchildren and one great grandchild.

The body is at the Watkins funeral home at East Prairie. Arrangements incomplete.

## HENRY HUTSON

OLMSTED, Ill. -- Henry Brandon Hutson, 61, formerly of East Prairie, died at 1:30 p.m. Sunday in St. Mary's hospital in Cairo.

He was born Feb. 10, 1910 in Kentucky. He had lived in Olmsted for the past six years and was a retired farmer.

Survivors include his wife, Fannie Mae Garrett Hutson; one daughter, Mrs. Hazel Fay Frazier of E. St. Louis; one son, Henry Herman Hutson of East Prairie; one stepson, Billy Joe Whitlock of Gravesville, Ill.; three step daughters, Mrs. Ruby Mae Greer of Benton, Ky., Mrs. Margaret Ellen Keil of Bone Gap, Ill. and Mrs. Sue Bryan of Pole, Mo.; two brothers, Waldon Hutson of Tampa, Fla. and Dub Hutson of St. Louis; three sisters, Mrs. Rosie Manning of East Prairie, Mrs. Elouise Clapp of Collinsville, Ill. and Mrs. Willie Bone of Mound City; 15 grandchildren.

The body is at the Shelby funeral home at East Prairie. Arrangements incomplete.

## RAYMOND GRUDIER

PRESCOTT, Wash. -- Raymond D. Grudier, 62, died at 10 a.m. Saturday in Walla Walla.

He was born Oct. 17, 1909 in Osceola, Mo.

Survivors include one daughter, Mrs. Eddie Samuels of Walla Walla; two brothers, Randle Grudier of St. Louis, Mo. and George Grudier of Umanville, Mo.; and one sister, Mrs. Joe Gilbert of Charleston, Mo.

Services will be 2 p.m. Wednesday in Walla Walla with burial in a local cemetery.

## ORA LUMSDEN

MATTHEWS -- Mrs. Ora B. Lumsden, 76, died at 3 p.m. Sunday in the Bertrand Retirement home. She was born Nov. 23, 1895 in Obion county Kentucky.

She came with her parents, B. F. and Dora Wilburn, to Southeast Missouri at the age of 12 and lived for several years in the Landers Ridge community.

She married Charles Lumsden June 30, 1914. He died March 1954.

She is survived by four sons, Nelson Lumsden of Canolau, Harold Lumsden of Essex, Don Lumsden of Sikeston and Larry Lumsden of Chaffee; one brother, Glen Wilburn of Bertrand; eight grandchildren and three great grandchildren.

Services will be conducted at 2:30 p.m. Tuesday in the Nunnelee Chapel with Rev. Clyde McCollum officiating. Burial in the Sikeston city cemetery.

Pallbearers will be Dr. William C. Critchlow, Donald Story, Frank Stanley, Lester King, Cliff Reed and Dickie Bethune.

## MRS. JOHN MEAD

CHARLESTON -- Mrs. John Mead, 64, 405 N. Johnson, died at her home at 6 p.m. Saturday the result of a heart attack.

She was born Aug. 29, 1907 in Caruthersville. A resident of Charleston most of her life, she was a member of the Nazarene church. On July 10, 1929 the former Dixie Mae Brown, she married John Mead, who survives.

Other survivors include one son, Carl Lee Mead stationed in Thailand; two daughters, Mrs. Orville Wilson of Marianna, Ark. and Mrs. Imogene Creasey of Memphis, Tenn.; one step daughter, Mrs. Virgilina Smith of Buchanan, Mich.; two sisters, Mrs. Eula May Nicholson of Caruthersville and Mrs. Bessie Marie Mize of Edenton, N.C.; 13

grandchildren and two great grandchildren.

The body is at the McMikle funeral home in Charleston where services will be held at 2 p.m. Tuesday with the Rev. James Rupert, pastor of the Nazarene church officiating. Burial in the IOOF cemetery.

## WILLIS PARR

BERTRAND -- Willis Edward Parr, 45, died Sunday in the West Jefferson General hospital in New Orleans of a heart attack.

He was born Aug. 15, 1926 in Wyatt. He was employed as an engineer by the Hougland of Paducah, Ky. and was a veteran of World War II serving with the army.

Surviving are his parents, Mr. and Mrs. Arthur Parr of Bertrand, three sons, Eddie and Larry Parr, both of Brookport, Ill., Darrell Parr of Reno, Nev.; one daughter, Mrs. Rick Lawton of Ozark, Ala.; two brothers, Charles and George Parr, both of Bertrand; six sisters, Mrs. Don Dykes of Ste. Genevieve, Mrs. Edward Heckert, Mrs. Paul Wise, Mrs. Charles McKinley, Mrs. J. D. Bearden, and Mrs. Nancy Chappell, all of Bertrand; two grandchildren.

The body is being returned to the McMikle funeral home in Charleston. Arrangements are incomplete.

## Grain Market

CHICAGO (AP) -- Wheat futures displayed some firmness in early dealings on the Chicago Board of Trade today, but other grains and soybeans were weak.

On the opening, wheat was 1/4 to 1/2 cent a bushel higher, March 1.66 1/4; corn was unchanged to 1/4 lower, March 1.21 1/8; oats were unchanged to lower, March 76 7/8 cents and soybeans were 1/8 to 1/4 cents lower, March 3.15.

No. 1 Cont. from page 1. \$57 million from 1972. A \$31-million increase to \$221 million was requested for National Heart and Lung Institute programs. A 50-per-cent increase, to \$50 million, was asked for sickle-cell anemia.

Consumers A 70-per-cent jump, amounting to \$70 million, in outlays for the Food and Drug Administration is the only big change in Nixon's proposed spending for consumer protection.

The FDA would get \$179 million for all its activities, including a watch on 60,000 food plants, intensified surveillance of fish products, a review of patent medicines and more intensive screening of medical devices and potentially hazardous household products.

## TV'S Taken

CHARLESTON -- Sam's T-V on West Marshall Street was entered sometime Friday night and two portable televisions and one 18-inch knife were reported taken. A window in the west end of the building was broken out to gain entry. The break-in was discovered by the owner Donald Sam when he opened for business Saturday morning. No arrests have been made. The city police are investigating.

## Three Charged Local Stocks

CHARLESTON -- Three men are being held in Mississippi county jail and charges of breaking, entering, and stealing are expected to be filed today.

The men are accused of the Friday night break-in at DeLine's Gun and Sports Shop, 205 W. Commercial, where six antique guns were taken. Patrolman Kirk Durbin discovered the break-in at 8:13 a.m. Saturday morning during routine patrol. Entrance was gained by breaking out a glass front door.

Larry Edwards, 22, of Chicago Heights, Ill., was arrested at 1 a.m. Sunday at the home of Theoda Kirkwood of rural Charleston. Two of the guns were found in the trunk of a stolen 1969 Buick.

Lt. Robert Smith of the police department said Edwards used the name of Larry Edward Johnson when he was treated at the Missouri Delta Community hospital for cuts on the right hand.

Chicago Heights authorities have two active warrants out on Edwards, one for auto theft, and the other for breaking, entering, and stealing in the Chicago area.

Jimmy Johnson, 17, of Charleston, and J. C. Watts, 17, of Charleston, were both arrested shortly about 2 a.m. Sunday and two guns were found at the Johnson home.

Two of the stolen guns reportedly have been sold in Kentucky.

## Livestock Market

NATIONAL STOCKYARDS, Ill. (AP) -- Estimated receipts for Tuesday: 7,000 hogs, 2,000 cattle and 300 sheep.

Hog receipts: 8,000 head; butchers steady and sows steady to 50 higher. 1-3 200-230 lb butchers 27.25 - 27.50; 1-3 200-230 lbs 27.00 - 27.25; 1-3 300-350 lb sows 22.50 - 23.00; 1-3 350-500 lbs 22.00-22.50; Board 21.25 with weights under 350 lbs. 21.50. Cattle receipts; 4,000 head; trade slow, slaughter steers and heifers weak to 50 lower with hardly enough sold to fully test trend. Cows active, strong to 50 higher. Bulls steady. Choice slaughter steers 975-1,150 lbs yield grade 2-4 35.25-36.25; mixed good and choice 950-1,050 lbs 35.00. ## Dole Proposes Bipartisan Panel To Probe War Conduct

Attacking the "present crop of Democratic hopefuls" for their past positions on Vietnam, the chairman of the Republican National Committee has proposed a bipartisan congressional committee to investigate the causes and conduct of the war.

"The American people have had enough rumors, enough leaks, enough 'inside stories,' enough lies," Sen. Robert Dole of Kansas said today. "The American people want the truth. It is time the Congress showed them the respect they deserve and give them the truth."

Dole said in remarks prepared for the professional staff conference in Washington for Republican campaign leaders that he will propose a resolution for a special committee to find out the truth about the war.

"As American troop strength in Vietnam grew and grew through the mid-60s, today's critics of the war were loyally supporting the policies of the war party," Dole said, naming Democratic Sens. George McGovern of South Dakota, Edward M. Kennedy of Massachusetts, Edmund S. Muskie of Maine and Hubert H. Humphrey of Minnesota.

McGovern, Muskie and Humphrey are campaigning for the presidency. Kennedy has said he is not a candidate.

"Self-righteous denunciations are not going to make anyone forget that McGovern and Humphrey and Muskie and Kennedy and the rest of the tribe backed the effort to put this nation into Vietnam right up to the hilt, to the tune of 55,000 American

lives, hundreds of thousands of Vietnamese lives, and the destruction of the independent political structure of South Vietnam," Dole said.

Meanwhile, McGovern and new Democrat John V. Lindsay were competing for Florida's black vote after McGovern accused Lindsay of ignoring party guidelines on campaign spending. The state's presidential primary is March 14.

Charles Evers, mayor of Fayette, Miss., was on hand to support Lindsay and was scheduled to give his endorsement to Lindsay during a rally at predominantly black Florida A&M University in Tallahassee.

McGovern headed for Miami, St. Petersburg and Orlando after a Thursday night speech at Bethune-Cookman College, a mainly black school at Daytona Beach.

Meanwhile, Los Angeles Mayor Sam Yorty said he would not be a candidate in the Florida contest and would go to court if necessary to have his name removed from the ballot.

Yorty's campaign manager, Sam Bretzfeld, said the mayor's name "was put on the ballot over his objections because supporters of Edmund Muskie and Hubert Humphrey are scared to death of George Wallace and want someone to split the conservative vote."

On Thursday, McGovern said in Tallahassee that Lindsay failed to sign a pledge established by the Democratic National Committee for limits on television and media expenses.

"I think it's unacceptable for a candidate to come into the state and campaign as a people's candidate while resorting to an expensive Madison Avenue media campaign," McGovern said.

Alabama Gov. George Wallace, carrying on his campaign as a Democrat, complained because the Democratic National Committee did not make accommodations for him at the national convention.

"Chairman Lawrence O'Brien and others cannot stand the fact that I represent and speak out for the average working citizen ...," Wallace said in a statement.

## Army To Move Toward Tougher Basic Training

FT. MONROE, Va. (AP)—The commanding general of the Continental Army Command says the U.S. Army is "going back to an austerity in living conditions we consider more compatible with basic combat training" for new recruits.

"Our new program will be physically tougher," Gen. Ralph E. Haines told a news conference Thursday, because he is convinced that "many young men entering the Army have thought basic combat training was not tough enough; there was a sense of disappointment."

Among the things to be

dropped, said Haines, are beer vending machines in barracks and mess halls and the elimination of private cubicles in favor of long, bare barracks.

Haines's command operates 13 training centers and 23 schools.

Asked whether he thought the tougher program would have an adverse effect on the all-volunteer Army program, Haines replied:

"Just the opposite. The volunteer wants challenge. He looks to challenge. He wants retention of individual dignity, but he is not looking for a physically easy profession."

## Any size fits.

U.S. Savings Bonds come in a lot of sizes. So do people.

But unlike other gifts, you don't have to match the size of the Bond to the size of the person.

Any size fits. That's what's so beautiful about Savings Bonds. There's no guessing. No worry.

And no matter what size Bond you give it's a very personal gift. After all, you're helping a person with his future and that shows you care a lot.

Give U.S. Savings Bonds. The gift idea that always fits.

Bonds are safe. If lost, stolen, or destroyed, we replace them. When needed, they can be cashed at your bank. Tax may be deferred until redemption. And always remember, Bonds are a proud way to save.

### Take stock in America.

# Nightly Airlifts Swell Exodus Of Soviet Jews

TEL AVIV (AP) — Nightly airlifts from Vienna to Lod airport outside Tel Aviv are swelling the immigration of Jewish families from the Soviet Union to Israel from a trickle to a flood.

Israeli immigration officials predict as many as 40,000 Soviet immigrants—each carrying only the equivalent of \$100 and a crate of belongings for each family—may move to Israel this year. December recorded 3,000, and the January figure promises to be the same.

The mass immigration poses huge financial and housing problems, but Premier Golda Meir summed up the Israeli government's attitude toward the newcomers when she said, "I pray for a million such problems."

Moscow has threatened to swamp Israel with immigrants, Finance Minister Pinhas Sapir told the world Zionist Congress in Jerusalem, but "we shall receive this flood gladly."

"Never has such a mighty state menaced such a tiny

nation with such a threat—a threat which is received with the fervent hope that it will be implemented," Sapir declared. Israel wants manpower, whatever the cost, to strengthen the population of 2½ million Jews.

The Soviet Union, with a Jewish population estimated at three million, could become a major source of manpower. Russian immigrants stepping off the jumbo jets this week said they had almost no trouble getting exit permits.

Israel absorbed 690,000 immigrants during 1968-71. It anticipates in 1972 in addition to the Russians 10,000 Jewish settlers from North America, 5,000 from South America and 15,000 from East Europe and other regions.

The Russian newcomers are poor. The Jewish Agency treasurer, Leon Dulzin, estimates "it costs \$26,000 to absorb every family of four Russians in Israel."

The money goes for the immigrants' transportation to Israel, housing, education,

social welfare and health services. Housing is the biggest challenge.

Recent Russian immigrants have grumbled about being offered housing in remote development areas. They want to live near the bright lights of Tel Aviv or the cultural lures of Jerusalem.

Some Israelis assert so much is being spent on immigrants that not enough is left to rebuild slum areas or provide apartments for young couples after they have served in the army.

The Russians, some of them with academic skills they cannot use in Hebrew-speaking Israel, are bewildered by their new homeland.

"The government doesn't send me customers the way the government did in Russia," complained an immigrant tailor. One newcomer from Samarkand refused to get on a bus to Haifa because he didn't have a travel permit and wouldn't believe travel permits do not exist in Israel.

## Couple Given Sum For Area

ST. LOUIS (AP) — A Sullivan, Mo., couple has been awarded \$27,500 for property in the area of the Meramec Park Reservoir project, nearly three times the amount offered by the federal government.

The judgment for William A. and Dorothy D. Richards was returned Monday by a jury in the court of U. S. District Judge John Regan. They own 84 acres at the boundary intersection of Franklin, Crawford and Washington counties, where the main dam is to be built.

Theirs was the first of several cases in which owners have gone to court to get more than the appraised prices offered by the U. S. Army Corps of Engineers.

Maurice Harris, assistant U. S. Attorney in charge of the Land Claims Section at St. Louis, said the Richards argued their property was worth more than the \$9,750 appraisal based on what neighboring properties sell for. They lease part of their property to Charles Schatz, who runs a gravel dredging operation.

Harris said one other case was started Tuesday, involving the property of George A. and Girth A. Seland of Route 4, Sullivan. And at least three more are pending, he said.

The project is for flood control and development of recreational facilities for the Meramec River Valley, southwest of St. Louis. But citizen opposition has formed. A group called Citizens Committee to save the Meramec which held a meeting last Sunday, has been circulating petitions to pressure elected officials into cutting off further appropriations for the project.

# Missile-Firing Sub Order May Be Bid To Prod Soviets

WASHINGTON (AP) — President Nixon's order to speed development of a new generation of deadlier, missile-firing submarines appears aimed at keeping the upper hand while prodding the Soviet Union toward an undersea-weapons curb agreement.

"Even as we seek with the greatest urgency stable controls on armaments, we cannot ignore the fact that others are going forward with major increases in their own programs," Nixon said in his State of the Union address Thursday.

It was a clear signal to the Soviets that the United States is prepared to build a new undersea-launched missile system (ULMS) unless a satisfactory agreement is worked out in the strategic arms limitation talks in Vienna.

While progress has been reported in efforts to limit U.S. and Soviet antiballistic missile systems and land-based offensive missiles, SALT negotiators are said to be deadlocked over Moscow's refusal to restrict undersea missiles.

The Soviets are now only beginning to catch up in the number of missile-firing submarines. The prospect of a new weapon like ULMS in the U.S. arsenal could put Moscow at an even greater disadvantage.

The new defense budget, due to go to Congress Monday, requests more than \$900 million to improve the U.S. sea-based deterrent force, Nixon said.

Pentagon sources said most of it will go for ULMS—a ninefold increase over last year's spending. A fleet of these weapons ultimately would cost more than \$15

added, "I am confident that by the middle of next year we can achieve our goal of reducing draft calls to zero."

## Here Comes Mr. One Million

ART BUCHWALD  
in the

Commercial Appeal

WASHINGTON — "Ladies

and gentlemen, this is John

Chancellor of NBC News and I

am standing at the entrance of

the Democratic National

Headquarters with Larry

O'Brien, chairman of the

Democratic Party, as well as

many other political dignitaries

on what indeed is an historic

occasion. We are gathered to

honor the one millionth person

to announce his candidacy for

president of the United States

on the Democratic ticket.

"The excitement has been

building all morning. As you

can see by the computer

behind me, the Democratic

candidates have been

announcing on the average of

45 an hour. In just a few

minutes the millionth

candidate will walk through

this door.

"There goes the computer

— 999,997 ... 999,998 ...

999,999 ... ONE MILLION!

And here he comes — the man

who is Mr. One Million!

"There is bedlam here in

the lobby. That cheer you just

heard came from volunteer

workers. And now, as you can

see, the millionth candidate is

being surrounded by

Democratic Party dignitaries,

who are congratulating him

and slapping him on the back.

Let me see if I can get my

microphone in here and talk to

him. Excuse me, please. Can

the TV cameras get in? Thank

you, thank you ... Sir, what is

your name?"

"Archibald Partridge IV, of

Cranberry Falls, Kan."

"How does it feel to be the

one millionth Democratic

candidate?"

"Well, it certainly came as a

surprise to me. When I left

Cranberry Falls two days ago

there were only 897,564

announced candidates and I

really didn't think I was near

it. But my wife Elsiebeth said, 'If

we drive by way of New Jersey

you could have a chance.'"

BRUCE BIOSSAT

## Politicians' Way— Promise Anything

By BRUCE BIOSSAT

WASHINGTON (NEA)

Are too many Americans "setting it up" so that almost

no high public officeholder can satisfy them?

Read the demands, or complaints, of voters inter-

viewed in surveys and you find a good proportion pulling

all the stops.

A fairly typical comment:

"He (Muskie, Humphrey, Lindsay, Jackson, etc.) won't

do. He hasn't come up yet with a believable plan to end

all war, wipe out poverty, rebuild the cities, provide full

and effective health care, improve social security and

obliterate racism."

More than once in these columns I have tried to lay

it on politicians—especially the more ardent liberals—for

over-promising. They are big with the sweeping arm

gestures that take in the universe.

Not only are the promises monumental, but the money

needed to bring them to fulfillment is nearly beyond

reasonable calculation.

The larger dimension is, of course, that they think

people want to hear these incredible pledges. And, sad

to say, many of them do.

Again, then, such people are fixing it so government

is bound to fail. There is no way, no way at all, for

even the most remarkable president in our history to

do much more than chip away with an ice pick at the

solid glacier of our accumulated difficulties.

We used to hear often in the 1950s and 1960s that we

were in the Age of Rising Expectations. It seemed a

wise and proper and cheerful thing to say. Why should

not all peoples aspire to betterment? Why should we

not kindle their hopes?

But some of our public figures have taken this past

reasonableness. Both at home and abroad, we are into

the Age of Inflated Expectations. The world's poor have

been led to believe that they can be lifted to planes of

affluence in a few quick strokes of effort. In our own

land, the disadvantaged have come to feel there need

be no waiting for even the grandest dreams.

Where does it begin, with the overpromisers or the

overexpecters?

You can argue, as some do, that America is itself an

overpromise—that the ease of its great riches has always

led millions to expect much more than even they could

deliver in human satisfactions.

Probably some politicians, at least, have taken their

cue from this. They have bespoken the glory of the

dream, convinced obviously that this was what many

Americans wanted to hear. The corollary, inevitably,

was that bad news, limited promises, ordinary visions

could not be offered.

As a people, we should by now have seen the folly in

this course. Dreams, like everything else, have their

price. Things gained too easily at the outset cost much

more later. America's resources are running thin. The

social burdens of pollution and ravaged land are mount-

ing.

Some of this seems to be dawning on us. But full

awareness has not taken hold. Dreamers still abound,

reinforced by some young folk who heighten the fantasy

that nothing need be waited for.

Yet our leaders are supposed to be our wise guides. If

they are overpromisers, as some of them surely are,

then they are cruel deceivers. THEY must know better.

On the threshold of 1972, America still is rich in the

substance of good living. Its people have great qualities.

But there needs to be less fanciful dreaming and more

hard effort, more payment on the high price of great

dreams.

Today In U.S. History

By THE ASSOCIATED PRESS  
Today is Monday, Jan. 24, the 24th day of 1972. There are 342 days left in the year.  
Today's highlight in history:  
On this date in 1965, Sir Winston Churchill, one of England's greatest statesmen, died at his home in London at the age of 90.  
On this date:  
In 1848, James Marshall found a gold nugget in California's Sierra Nevada. The discovery touched off the California gold rush.  
In 1898, the battleship Maine was ordered to Havana, Cuba.  
In 1908, the first Boy Scout troops were organized by Sir Robert Baden-Powell in England.  
In 1915, the British defeated the Germans in a World War I battle off Dogger Bank in the North Sea.  
In 1924, Petrograd was renamed Leningrad in honor of the founder of the Soviet Union.  
In 1946, the U.N. General Assembly voted to create a U.N. Atomic Energy Commission.  
Ten years ago: It became apparent, at a meeting of the Organization of American States, in Uruguay, that it would not be possible to get a majority vote for collective sanctions against Cuba.  
Five years ago: Premier Ky of South Vietnam ran into a wild antiwar demonstration on a visit to New Zealand.

# "I urge you to send 25¢ now to protect your family with this \$500 a month extra cash plan"

*Art Linkletter*

For first month's protection, mail Enrollment Form with 25¢ to get up to  
**\$500 a month tax free cash**  
when you go to the hospital  
**You collect at the rate of...**

## \$500 a month cash

when you require hospital care... for each accident starting the first day in the hospital, and for each illness, starting the sixth day—\$16.67 a day for life, if necessary.

## \$250 a month cash

if you're 65 or over, for the first 3 months of hospitalization. This money is paid directly to you in addition to Medicare or any other coverage you may already have. After 3 months, if you are still in the hospital, you then receive...

## \$500 a month cash

thereafter—in addition to Medicare benefits—even for life, if necessary. Coverage for accidents begins the very first day in the hospital; sickness coverage begins the sixth day.

## \$300 a month cash

when your child goes to the hospital for any accident or illness, when you have Coverage for Children—no matter how long the confinement may be. Coverage for accidents begins the very first day in the hospital; sickness coverage begins the sixth day.

## \$500 a month cash

for maternity benefits when Coverage for Children and Maternity Benefits have been added to the basic plan.

## \$400 a month cash

for a registered nurse at home if your doctor has you hire one within five days following a covered hospital confinement of five days or more for as long as you were hospitalized—up to one year.

## UP TO \$2,000 cash

for complete accidental loss of limbs or eyesight. If you suffer complete loss of a hand or foot or the sight of an eye within 90 days of the accident, you collect \$1,000—and \$2,000 for the loss of two limbs or the sight of both eyes.

## \$2,000 a month cash

\$1,000 a month for you—and \$1,000 a month for your spouse...when an accident hospitalizes covered husband and wife at the same time. Yes, you collect \$2,000 A MONTH in all (when under 65) while both are in the hospital—even for life.

## We pay all premiums

that come due for you and all covered members of your family should you—the policyowner—be hospitalized for eight consecutive weeks or more. And you don't have to pay us back.

## We guarantee never to cancel your protection

no matter how many claims you have... or how old you become... or for any reason whatsoever. Only you can cancel.

## We guarantee never to raise your low rates

because of how old you become... or how many claims you have... but only if there is a general rate adjustment on all policies of this class in your entire state.

**NO AGE LIMIT • NO MEDICAL EXAM TO ENROLL • NO SALESMAN OR AGENT WILL CALL**

OVER 30 million people will be admitted to a hospital this year! It could be you—or some beloved member of your family—tomorrow... next week... next month. Sad to say, very few families have anywhere near enough coverage to meet today's soaring hospital costs. These costs have more than doubled in just a few short years.

Stop for a moment. Think how much a long stay in the hospital will cost you or a loved one. How would you ever pay for costly, but necessary, X-rays, doctor bills, drugs and medicines? What would you do if your pay check stopped, but living expenses kept going on the same as ever? The same rent, phone, food, all the day-to-day expenses that never stop.

What is the average breadwinner to do? We believe we have the answer in this National Home plan.

Pays you \$500.00 a month tax-free cash when you are hospitalized.

Now you can have \$500.00 cash coming in every month—beginning the very first day you enter the hospital due to an accident, and the sixth day for confinements due to sickness. You collect \$500.00 a month, even for life, if necessary.

The cash is paid directly to you in addition to whatever you may receive from your insurance with any other companies. Use the money as you see fit—for hospital or doctors' bills. To replace savings or cover household expenses. Every dollar is tax-free.

How much does \$500.00 a month protection cost you? Only 25¢ covers you and your entire family for the first month. After that you may continue at our regular low rates.

Pays you \$300.00 a month cash when any unmarried dependent child is hospitalized.

When you choose Coverage for Children, this National Home plan pays you at the rate of \$300.00 a month cash when one of your children is hospitalized. Pays for as long as necessary! Children are covered for accidents from the first day and for sickness from the sixth day.

Pays you at the rate of \$500.00 a month for Maternity Benefits!

If both husband and wife are insured for the entire period of pregnancy (and have added Coverage for Children and Maternity Benefits), you get tax-free cash to use any way you want. Yes, if a pregnancy, childbirth or even miscarriage puts you in the hospital for one day, five days, ten days—as long as necessary—you get cash benefits for every day of your confinement.

Pays you \$400.00 a month cash for a Registered Nurse at Home.

How comforting it is to know that—after your stay in the hospital, if you've been there five days or more for which you received benefits—you can return home to recuperate and yet not be a burden to your loved ones. If your doctor has you employ a full-time registered nurse within 5 days after you come home, we'll pay you benefits at the rate of \$400.00 a month. And your benefits continue for the same number of covered days that you were in the hospital—even up to 12 full months.

### Double Cash Accident Benefit.

When you and your insured spouse are hospitalized at the same time for an accidental injury, this National Home plan pays each of you DOUBLE CASH. \$1,000.00 a month apiece. That's \$2,000.00 in cash payments every month (when under age 65) starting the day you enter the hospital for as long as you both remain there.

### Waiver of premium benefit.

After 8 continuous weeks of confinement, your premiums that come due are taken care of by National Home. And your protection continues just the same as if you were paying the premiums yourself.

National Liberty Corporation, parent of National Home Life Assurance Company, has been commended in the United States Congressional Record for bringing low-cost insurance to the general public: "With the highest public interest at heart, the National Liberty Corporation group of companies combines reliability and quality of service with noteworthy price advantages. It is to be commended on its leadership and vision in this field of human welfare."

## Dear Friend:

You know me. I wouldn't recommend anything I didn't honestly believe in. And I think National Home's \$600-a-month plan is just about the best additional financial protection you can give your family—especially in these days of rising medical costs.

That's why I'm happy to give this plan my wholehearted endorsement.

I've looked over the policy very carefully. I've made a point of getting to know some of the folks at National Home. And you won't find more decent, friendly people to deal with. I've seen the way they handle claims, too—quickly and generously. Believe me, when you need them, they'll be there to help you.

That's why I cannot imagine anybody passing up the chance to enroll in this health plan—especially when the first month's protection costs only 25¢.

We all know what a terrible thing it is to be hospitalized. But what a relief it is to know there's tax-free cash coming in when you need it most! Take my advice. Send the enrollment form now—before you forget.

Sincerely,

*Art Linkletter*  
Art Linkletter

## 65 or over?

### You collect benefits in addition to Medicare!

We have designed this plan as a valuable addition to whatever is paid by Medicare—or health insurance you may have with other companies. Regardless of the coverage you already have, National Home pays you at the rate of \$250.00 a month for the first 3 months, and \$500.00 monthly while hospitalized thereafter. Coverage for accidents begins the very first day in the hospital. Sickness coverage begins the sixth day. Both coverages continue for life, if necessary.

### These are the only exclusions!

Your National Home policy covers every kind of sickness or accident except conditions caused by: war, or any act of war; any mental disease or disorder; pregnancy, except as provided under the Maternity Benefit provision; and any sickness or injury you had before your policy Effective Date... during the first two years only. You will be covered for care in any hospital, except a nursing or convalescent facility.

### Nationally known and respected.

This is the kind of outstanding protection you may have seen in Reader's Digest, Parents', National Geographic and other leading publications. The special plans offered by National Home are today helping policyowners in 46 states—and many foreign countries—paying benefits on an average of ONE MILLION DOLLARS a month. In addition, our Company has a RECOMMENDED rating from Best's Insurance Reports, one of the foremost insurance authorities in the nation.

### Fast, Reliable Claim Service.

"We were most happy with the prompt way that you sent us the claim forms when requested. Your check for the week my husband was in the hospital was received within ten days. Thank you so much—it really helped in a time of need."

Mrs. ROBERT H. ROBINSON, Miami, Fla.

"I took out the policy and had only paid two monthly premiums when I was unexpectedly put in the hospital. Was there 11 days and the National Home Life Assurance Company paid exactly what they had said they would. How happy we were we had taken the policy out."

DEWEY M. FAIRLO, Upper Sandusky, Ohio

Why you must act before the date shown on your Enrollment Form—just a few days from today.

Why do we give you so little time to enroll in this plan? Because this is a limited enrollment offer, we can open the enrollment only during a limited time period—with a firm deadline date for everyone. To provide you with this broad coverage at these rates, we must receive your Enrollment Form during the same period as all the others.

### Here are your low rates.

The following chart shows how little it costs after the first month, to cover yourself, your spouse or any adult dependent. Naturally, at these low rates, we can issue you only one policy of this type. Each adult, 16 or over, pays the rate shown for his or her age.

Age at Enrollment	Monthly Premium per Adult
16-44	only \$2.95
45-49	only \$3.40
50-54	only \$3.75
55-74	only \$4.35
75-79	only \$5.00
80-84	only \$5.55
85 and over	only \$6.65

Only \$1.55 more per month covers all your unmarried dependent children... from the age of 1 month through 18 years. Newborn children are covered automatically at the age of one month—at no additional cost! And then, if you wish, just add \$1.15 monthly to that, and you're covered for Maternity Benefits, too!

NOTE: The regular monthly premium shown (for age at time of enrollment) will not automatically increase as you pass from one age bracket to the next. Once you have enrolled in this National Home plan, your rate can never be changed because of how much or how often you collect from us—or because of advanced age—but only if there is a general rate adjustment, on all policies of this class in your entire state.

Act now—"later" may be too late! Send just 25¢ for first month's coverage.

TIME IS PRECIOUS! Act quickly. (No salesman will call.) Get your Enrollment Form into the mail today—because once you suffer an accident or sickness, it's TOO LATE to buy protection at any cost. That's why we urge you to act today—before the unexpected happens.

**Money-Back Guarantee**

We will send your National Home policy by mail. Examine it carefully. If you decide that you don't want to continue as a member of this plan, return the policy within 15 days of the date you receive it, and we will promptly refund your money.

☐ Check here if you want Coverage for Your Children and Maternity Benefits.

I hereby enroll in National Home's Hospital Plan and am enclosing the first month's premium to cover myself and all other Covered Members listed above. To the best of my knowledge and belief neither I nor any person listed above has been refused or had cancelled any health, hospital or life insurance coverage due to reasons of health. I understand that this Policy will become effective when issued and that pre-existing conditions will be covered after two years.
